Preface.

THE Publishers of this History owe it to themselves, as well as their Readers, to give a Word of Explanation regarding the Dress in which it appears. It was their first Impression that the Work would be nearly unintelligible in the Orthography of the original Manuscripts, and they had, therefore, considerable Hesitancy in complying with the Wishes of their respected Townsman, Mr. C. Cadmus, who insisted with some Warmth that, if printed at all, it should be without Alteration. He informs us that in the Country of which he writes, the Standard of Orthography has been fixed by a certain learned Society, having the Oversight of such Matters, and he scarcely feels at Liberty to deviate from the Mode of Spelling which they have established. We found after reading a few Pages of the Work, that it was not so difficult as it at first appeared. The chief Peculiarity seems to be the

accenting of the Vowels, a, e, i, o, u, to give them a long Sound, after the Manner of the ancient Saxons, who used the Accents in such Words as wráth, wéstē (waste), frí (free), flór (floor), rúm (room). We perceive, also, that c stands for ch, as it did among the Saxons, who wrote cild for child, hwilc for which. They likewise employed a single Character, a peculiar Kind of d, to represent the sound of th, and it is a curious Coincidence that a similar Letter is here used for the same Purpose. Perhaps we may find in these Circumstances a Clue to the Time and Place in History to which the Events here narrated belong. Mr. Cadmus does not inform us when or where he obtained the Documents used in compiling his Narrative; whether they are of remote Antiquity or recent Date, or what was the Language in which they were originally written. But from his Partiality for the Saxon Orthography, and from Resemblances, here and there, indicating Connection with the Language, Thought and Customs of our early Ancestors, we have a strong Suspicion that this singular Record pertains to some Branch of the Saxon Family, and that it is a Description of one of those terrific Contests for which that warlike Race has ever been famous. But on this Subject we would not speak positively. We merely throw out the Suggestion for the Consideration of the Reader, whom we leave to form his own Conclusions after he has completed the Volume.

Só ci sist tu urj him, but mentali rizolvd dat hwotevur mait hapn ci wud kast hur lot wiæ æ pür Kuçans, and dat æ cé çud hensfóra bí hur pipl.

Æe frends and néburz nou çód aèr stroñ simpañi for Fridíma, and sum ov æm bólđli pronounst it a çém dat æ grét Samuñkl çud akt só kouardli a párt. But æ góld-wurçipurz, and æ waiz men ov æ lò, and æ sól-doktrz on húz jujment hí rilaid, advaizd him tu bí kòçus, and endevur tu ristrén hiz impeccus caild, and on nó akount alou eni mór Kuçanz tu entur hiz hous. Faindiñ hiz dòtur fikst in hur purpus, hí bigan tu gró mór and mór unízi, for hí woz rizolvd not tu giv hur up agenst hur wil. Hí ærfór divaizd vérius ekspídients tu sikrit and protekt hur; but æ kiñ ov ai Oksident and æ grét jujez ov æ kiñdum, hú wer in akord wiæ æ Dragun, disailed dat æ prinses must bí givn up, akordiñ tu æc bond ov bitroaal hwich hur fáaur had konfest dat hí saind. It woz not loñ bifór nûz kérn dat mes-

enjurz from æ Blak Dragun wer olredi on aèr wé tu sikûr Fridíma and konvé hur tu æ abód ov hur aknolejd mástur. Hur fágur had nou nó ri-sórs left but tu send hur awé síkretli. Wiæ a hevi hárt hí kôld hiz famili tugeaur for a hésti fèrwel, and tóld hiz wípiñ dòtur ñat hí kud protekt hur nó longtr; ñat gí must nou flai for hur laif, aróïñ hursel on æ providens ov God and suc asistans az æ kaind-hárted pípl mait rendur hur bai æ wé. Só hwen æ had òl embrést and kist hur, and had put intu hur handz a fù nesesariz for hur jurni, gí stárted fóra on hur perilus pilgrimagej, trustiñ in a woeful providens tu gaid hur wé, but wiæ hárt palpitétin at evuri step, for fír ai emisariz ov æ Dragun mait bí upon hur trak.

Æ mesenjurz, félin tu diskuvur hur ritrit, nou riturnd hóm and riléted tu æ Dragun òl aèr advencurz, and æ manur in hwic Fridíma had es-képt. Hí woz fûrius in hiz réj at æ médn for hur obstinasi; and æ informéçtn ñat gí had bin abandund bai hur nacural protektur, and had nó hóm but æ kévz and æ forests, símd tu furniç him æ stimûlus ov a nû aktiviti for æ aprihençun ov hiz viktí. Hí fóräwiæ diturmind tu serc evuri nuk and kornur hwèr æ pantiñ fûjítiv mait hav found çeltur. Só kòliñ tugeaur æ lordz and lédz ov hiz kórt, hiz fairi aibòlz òl æ hwail glóiñ wiæ eksaitment, hí swór a damnabl ót ñat sins Fridíma had dilibüretli and skornfuli rijekted him, hí olsó diskárded and rijekted hur, but wud hav hiz wil upon hur, and wud put hur tu æ hárdest

A klangur ov aplòz, laik æ círz ov pandimónium, rañ arú æ pales hòl az hí uturd aís horid ór.

And nou komenst æ grand hunt for ai inosent and haples Fridíma. A touzand horsmen mounted upon flít stídz, wiæ bludhoundz in aér trén, wer stárted of tu skour æ mountinz and vélz ov Norland. Ærú sumur and winter, in spríntaim and hárvest, æ tramp ov aér stídz and æ houliñ ov aér dogz sent terur tu æ hárts ov æ píful inhabitants. Fridíma woz nevur séf, aó æ kaind pezants did òl aé kud tu protekt hur. But çí aòt not ov hurselv alón. Déli and naitli çí sòt out æ pür Kuçanz hú wer flíñ from aér tormenturz, direktiñ œem tu æ houzez and vilejez hwèr çí had bin bifrended, and kèrfuli pointiñ out tu œem æ pólar stár, bai folóiñ hwic aé wud ríc Snóland, a biturli kóld kuntri, inaksesibl tu æ Kuçanhunturz.

CAPTUR IV.

RAVELIN arú æ waildz ov Norland, hur tendur limz ekspózd tu æ snóz ov wintur and æ rénz ov sumur, ofn wiout a çeltur in æ sivírest stormz, it woz eks-pekted øat æ fréл Fridíma, if not kapeurd bai hur enemiz, wud at leñä sink undur æ hárdçips çí had tu endûr. But tu ai améz-ment ov òl, æ móر sivír hur ekspójur and sufuriñz, æ strongur and helciur çí grú, and só luvli in form and fíeur øat æ pípl òl bilívd hur a godes endoud wið imortaliti. Meni olsó, híriñ hur nóbł wurdz in bihaf ov æ dispaizd Kuçanz, diklèrd aemselvz redi tu foló hur, ívn tu æ Dragunz kasl, for æ purpus ov reskûiñ hiz mizurabl kaptivz.

Æ Dragónianz, súñ hou æ prinses had génd ai afekçunz ov æ multitûdz, aplaid tu æ kiñ for a lò tu puniç wið deø òl hú çud hárbur or konsil hur. Æen æ kiñ brót æ matur bifór æ grét kounsil, and it woz agríd øat æ hól kuntri çud join in æ serc aftur Fridíma, and húevur rifûzd tu point out hur haidiñ plésez, or tu asist in apri-hendiñ hur, çud bí sivírlí püniçt.

Cí woz nou ridüst tu æ grétest stréts; òl fird tu giv hur a naits lojin or a krum ov bred. In hur ekstremiti ciò wondurd fár out intu æ grét wildurnes ov æ west, and faindiñ a log kabin sat doun bifór it in a stét ov komplít egzhoscun. It woz okúpaid bai an óld man húz ném woz Osami, æ fáaur ov siks sunz. Hí woz ov a stern kountenans and had a ruf grizli bírd, and hwen hí kém out tu ask Fridíma hur biznes, ciò só tremblid wiæ fír cat ciò kud not uttr a wurd. Den ai óld man, hú had a kaindli hárt, spók tu hur tenderli, and invited hur intu hiz kabin, hwèr hí tóld hur ciò mait hav a hóm az loñ az ciò cóz tu sté, for hí sò cat ciò woz in distres. Aftur ciò had wormd hurselv bai æ fair, hí pripèrd a frúgal míl, æ best hiz hous afórded. Haviñ nou génd konfidens, Fridíma tóld him hú ciò woz, and hwai ciò had kum, and ov òl hur wonduriñz in æ waild and dizmal forests wiæ æ füjitiv Kuçanz. Hwail æ wer tókiñ ai óld manz fór sunz, hú livd wiæ him, kém in from aér wurk, and lisnd tu hur stóri. Dé wer encanted wiæ æ fain silvur tónz ov hur vois, and æ wé in hwic ciò pled æ kòz ov æ púr dispaizd Kuçanz drú fóra òl aér simpaaz. Dé admaird æ púriti and upraitnes ov hur sentiments, and hur lofti and self-sakrifaiziñ benevolens. Óld Osami pursívd cat æ wer dípli dríñkiñ in hur spirit, but hí sat kwaietli and sed not a wurd. Az ai ívniñ wór awé hí róz from hiz cér and tuk doun a nû huntiñ raifl cat huñ in æ rúm. Fridíma nótist a strénj fair in hiz ai, and hiz ditermind

luk olmóst fraitnd hur, aó gí nù from hiz apírans ƿat hí woz meditetiñ nó hárm tu hur. Aftur burniçin hiz raifl and putiñ hiz kártrijez in ordtr, hí tóld Fridíma ƿat sins hur fáur had feld tu akt æ párt ov a protektur, az hí woz bound tu dú, and had sent hur out intu æ kóld wurld, hí wud himself adopt hur az hiz ón caild, and wud asúm æ rait and æ responsibiliti ov a pérant tu difend hur agenst òl ƿat wud dú hur hárm. Ce brúaruz wormli responded, and açúrd hur ƿat gí çud evur bí tríted bai æm az a dír sistur.

And nou, mai sunz, sed aí óld man, yú had betur get yúr wepnz in redines for faitiñ. Cis wurld iz ful ov tòk and simpaai, but tòk and simpaai never yet protekted æ helples. If yú intend tu dilivur aís hunted lam from hur persikúturz, yú must bí pripèrd tu dú it at æ risk ov yúr laivz. Blud iz æ pürifaiur ordénd tu klenz æ sténz ov aís bad wurld. Sí yú not ƿat æ land iz ful ov leprusi? It wil rikwair sumaiñ mór aán wotur tu woç it out. Ai am an óld man, and mai laif iz not wura muc. Yú, mai sunz, ár yuñ; dú az yú laik; but az for mí, ai gal set maiself agenst æ foul monstur ƿat iz wurkiñ òl aís miscif. Ai wil mék mai wé intu hiz fortres; ai wil entur hiz pales; ai wil stand at hiz bedsaid; God helpiñ mí, ai wil send a ƿaft ƿat gal wiñ its wé tu hiz hárt; ai wil opn æ dórz ov hiz dunjunz, and nok of æ feturz ov hiz priznurz. And æ boiz sed æ wud gó wiæ him. Den Osami ríct up hiz hand and tuk doun from æ ȝelf a Buk, hwic tóld ov æ

Blak Dragun, and ov æ Red Dragun hiz fáatr, and hou æ word agenst æ Lord, and hou æe jujments ov hevn çud kum doun upon æem in fücur taimz. Aftur rídiñ a hwail hí fel upon hiz níz, az hiz kustum woz, and préd æ grét Olféaur æat hí wud protekt Fridíma, and dilivur æe Kuçanz for hur sék, and æat hí wud brék æe pour ov æ Blak Dragun, and baniç him from Norland and Sunland, and from òl æe grín spots ov kriéçtn, and síl Lim up in tófet fast and forevur.

Hwen Fridíma sò intu húz handz çi had fòln, and hwot a hai and nóbl nécur æ stern óld man pozest, and felt hur hóps ov hapines and sikûriti wuns mór rivaiv, hur hárt arobd waildli, for æ joi woz tú grét for hur, and çí burst intu a flud ov tírz. Dú not bí eksaited, sed Osami; kompóz yúrself, træst in God, and òl wil bí wel. Só çí draid tp hur tírz, and hwen æé had òl bidn hur a kaind gud-nait çí ritaird tu rest. Çí sun fel intu a swít slumbur, and drímd ov hapi sínz in a wurld hwèr òl ai inhabitants luvd íc uaur az brúaruz.

Osami imídietli bigan tu mék preparéçunz for invédiñ æe dominyunz ov æ Blak Drágun. In spaird wiæ hiz nû aidía, hí vizited òl hiz óld frendz and endevurd tu rouz æem tu a komun efurt for æe distrukçun ov æe monstur. Meni ov æem aòt hiz ém woz a gud wun, but disaprúvd ov æe mínz. In æe furst plés æé aòt it prizumcüts for a fù indivijualz tu get up a krúséð agenst suc a ventrabl antediluvian, hú woz ikwal and purhaps mór

tan skwal in pour and prestij tu æ suvurin himself. Sekundli, if eni aiñ woz tu bí dun, it çud bi dun bai æ kiñ ov æ kuntri; and az hí woz at pís and amiti wiæ æ Dragun, it wud bí tríznus for eni ov æ komun pípl tu run kountur tu hiz egzampl, or atemt tu eksikût justis wiæout hiz ordur. It woz jenurali admited åat abstraktli æ Dragun had nó rait tu opres and maltrít æ Kuçanz; but az loñ az hí did not medl wiæ æ Nor-men and Norwimin, it woz dímd haili impolitik tu stur up hiz ráæ bai intëfiriñ in bihaf ov æ reced and helples krícurz hú had æ misforcun tu fòl undur hiz pour. Só æ tòld Osami plénli åat æ wud hav nuçiñ tu dú wiæ hiz skímez; móst ov æm, indid, øöt åat hí woz krézi, or wud sun bikum só. A fù pípl, hú sò hwot a worm and jenurus hárt hí had, and hou wiliñ hí wøz tu sakrifaz himself tu help æm åat had nó helpur, enkurejd him in hiz undurtékiñ, and gév him muni tu bai wepnz, loñçuturz and çortçuturz, and çárp lansez wiæ hwic æ Kuçanz mait difend æmselvz agenst ær opresurz.

Míntaim æ grét prinsez and lordz ov æ Dragónianz, híriñ åat Fridíma had tékn refùj wiæ a wudzman ov æ west, sent fóra ær emisariz in grét numburz tu serc hur out and briñ hur tu æ pales in cénz, for æ Dragun had nou givn up ai aidía ov mékiñ hur hiz waif, and woz ónli bent upon distroïñ hur and hur frendz. Hiz bandits wer ordurd tu plundur and lé wést æ nû kuntri, and kil of æ Fridónianz az fast az æ kud. Grét numburz wer

çot and jibeted, stór-houzez emtid, and vilejez burnt, aróin æ hól kuntri intu konsturnéçun. Æ sunz ov Osami wer tékn priznurz, aèr ármz pin-yund bihaiind aem wiæ soñz dat kut tu æ bón, and in aís kondiçun aé wer fasnd tu æ Dragónianz' horsez, and méd tu run wiæ aem az aé galupt awé in æ burniñ hít tórdz Sunland. Wun ov aem bikém a méniak from æ hítiñ ov hiz brén; anuaur woz kild bai a Hwait devl-prícur, hú aòt it grét merit tu ofur him az a sakrifaiz tu hiz god.

At leñæ Osami, haviñ komplitéd hiz aréniments, and faird anû bai æ bárbérian krúeltiz inflikted on hiz sunz and néburz, aróz suđenli and tuk hiz dipárcur for Sunland, akumpanid bai arí ov hiz sunz and hiz suninlò, and a dtzn trusti woryurz. Æ kém upon æ Dragunz stroñhóld bai nait, géniñ admiçun wiçout difikulti. Kèrfuli filiñ aèr wé, aé enturd an apártment nír æ pales, hwic woz ful ov fairármz and grét gunz and poudur, furst mékiñ priznurz ov æ wocmen hú stud gárd at æ dór. From aís rúm aé hópt tu faind a pasej intu æ Dragunz bedcémbur, in hwic kés aé wud sun bí ébl tu finiç him. But in aís ekspektéçun aé wer disapointed, and hwen æ morniñ bigan tu dòn aé found aèr entrans had bin diskuvurd. Æ nûz flû laik laitniñ arú æ pales and arúout òl Sunland, and raidurz wer huriñ tu and fró, òl waild az wiæ ai eksaitment ov batl. Hwen æ Blak Dragun herd æ tûmvt and woz tóld æ kòz, hí rórd wiæ fûri and laçt hiz tél agenst

De Dragtn olsó kém fórt ov hiz pales and çód himself in òl hiz jaigantik proporcunz, hiz form touriñ aloft tu æ rijun ov æ stárz, dárkníñ æ sun az a kloud, and aróiñ a glúmi çadó óvur æ hól land. Púr Fridíma sat krouciñ, solitari and tremblin, in a mountin kév; nun dèriñ tu ministru tu hur wonts, or inkwair aftur hur wel-fér, or ívn pronouns hur ném.

And nou æ guvurnurz and æ jenuralz and kap-tinz ov Sunland, wiæ an ármi ov horsmen and futmen, bigan tu gacur from òl kworturz; and æ envairund Osami and hiz kumpanyunz, hú fót brévli for aèr laivz, but wer at last óvorpourd. De sunz ov ai old híró wér slén, and hí himself woz kapcurd, wünded and blídiñ, and dragd tu æ kounsil-hous for egzaminéçun. And æ guvurnur sed tu him, Ai nó òl about yúr vilani; ai wont nó informéçun on aat point; but tel me, név, hú sent yú hiæur? Yú hav kum at ai instigéçun ov Samuñkl; it iz ov nó yús tu dinai it. Konfes, and ai wil giv yú a fér traial. Den Osami, gróniñ wiæ péñ, turnd hiz góri hed and mikli riplaid, Mai díd iz mai ón; ai hav had nó kounsel or ad-vais from Samuñkl. Unles yú wil juj mí akordiñ tu justis, ai wiç nó traial; if yú ár ditermind tu hav mai blud, kil mí at wuns, for ai am redi tu dai. De gud Euk telz mí ai çud dú tu taurz az

Oen æ guvurnur, hú woz a Waizman, sed

Só æ held a kórt, and brót løytrz and witnesez,
and méd a grét paréð ov justis and ligaliti, and
fainali ajujd him tu deø. Oen æ tóld him hí
must hav æ sól-dokturz tu konvert and klenz

for òl æ prèrz and katekizmz ov òl æ sól-dokturz
æ Blak Dragun had in hiz emploï.

At leñæ æ mártur woz led fóræ tu dai, hwail
a grét ármi ov sóljurz and horsmen wer paréded

But nó sunur had æ spirit esképt from æ bodi
ñan it spred abròd in ñi atmosfir, filiñ æ windz

Wiðin tú yírz from Osamiz dea, æ pipl had jenturali kum tu æ konvikçun qat hí woz yet huvuriñ óvur æ kuntri, in æ çép ov a gárdian énjal; qat insted ov ritairiñ difited from æ kontest wið æ Blak Dragun, hí had joind ai ármi ev æ Lord; qat hiz napsak woz stil strapt upon hiz bak, and hiz sól márciñ on.

CAPTUR V.

PURSÍVIN qat æ afekçunz ov æ Normen wer inseparabli twaind around æ jentl Fridíma, æ Dragónianz bigan tu konsult hou æ mait brék up æ kiñdum, and form a nû guvurnment ov hwic æ Blak Dragun çud hav æ sól pozeçun. Óld Publik Funükçunari, hú had loñ bin kiñ ov æ Yunaited Oksident, and hú had ofurd tú hundred and fifti silvurliñz for æ kapçur ov Osami, woz about tu end hiz rén, and aer wer glúmi aprihençunz qat hiz suksesur wud not bí só frendli tu æ Blak Dragun az hí had bin. Hwen æ taim kém for apointiñ a nû rúlur, aer woz grét eksainment arú æ land. And on a set dé æ véritus traibz asembld, æ Dragónianz, and æ Demókrianz, and æ Fridónianz, and æ Publikanz, and ai Íradikéturz, and æ Konservaturz, and æ multitûdz ov æ pípl bóst in Norland and Sunland, tu witnes æ kastiñ ov æ lots. And meni ov æm sat up wociñ òl nait, hwail æ sírz and ògurz konsulted ai ómenz. And hwen æ morniñ woz kum, bihóld ai èr woz ful ov fòliñ lívz, hwic æ wind had blón fár and waid óvur æ kuntri. And hwen æ pípl had pict æm up, and eg-

Den woz aer grét komóçun in ae pales ov ae Dragun, and ae lordz and prinsez and lédz ov hiz houshold wer fild wiæ indignéçun, for aé had herd ov Magnus Mahárba, dat hí woz an onest man, and wun dat luvd justis and ekwiti, and hens aé inferd dat hí mæst bí an enemi ov aér mástur. Æ had olsó herd it ripórted dat Fridíma, dûriñ hur travelz, had spent a nait at hiz hous, and instild intu hiz maind hur fanatikal planz for letiñ lús ae Kuçanz, and líviñ ae Dragun tu dai ov stárvéçun. Só ae cífs and nöblz asembld and drú up ae cártur ov a nû kiñdum for ae suport and difens ov aér ògust patrun and hiz projeni, and for ai ekstençun ov hiz and aér glóri, influens and pour óvur òl ae landz and sít, and for ai eksterminéçun ov aér enemiz bai fair and sórd. And aé cóz Prins Jefur tu bí aér kiñ, and hiz cíf ministurz wer Lord Sepulktr, and Lord Júdas, and Munimungur, and Névimaladi, húz ofis it woz tu mék desolét ae sít and tu beri in díp woturz ae çips ov Samuñkl. And for hiz jenuralz hí had Grébrag, and Pretigárd, and Stónijon, and Stóniják, and Bóldrobin. And aé rézd a grét ármi and tuk pozeçun ov ae stroñhóldz and kaslz, and sízd meni çips and gunz, bisaidz aóz hwic had bin síkretli givn aem bai ae servants ov Publik Füñkçunari.

Nou hwen ae lordz and kounselurz ov ai Oksi-

And aé sed amuñ aemselvz, Wí must bai òl mínz pasifai æ Dragun, and giv him hwotevur hí dimandz, uaurwaiz wí çal hav wor and blvdçed, and our hapi land wil bikum a land ov straif and tûmtlt, laik ai éncént kiñdumz ov ai Órient. Aftur muc aŋgri dibét, sum biñ in févir ov æ Dragun and sum agenst him, aé agríd tu mék a tríti ov purpecual pís and amiti on aíz kondicunz, néqli, qat hiz majesti æ Dragun woz tu bí rekognaizd az svuren ov æ kuntri konjointli wiæ æ réniq kiñ; but hí woz not tu strec hiz ármz or fít, or æ çadó ov hiz oenoriti, óvur eni ov æ nû western landz qat had bin purcest bai Samuñkl; sekundli, qat Fridíma çud bí givn him tu waif akordiñ tu ai orijinal agríment; lastli, qat Samuñkl and æ Normen çud entur intu a solem kuvenant wiæ Dragun qat aé wud not molest him in æ fücur, nor spík ov him disrispektfuli az aé had dñ; and wud undur nó surkumstansez alou eni flaiñ Kuçan tu ték refúj in aér bordurz; and qat qis kuvenant çud nevur bí olturd, hwail sun, mún and stárz çón in æ hevnz, or hwail mountinz, síz and rivurz márkt æ divi-junz ov ai era. Só aé sent out æ dikrí noræ, souæ, íst and west, qat òl æ land mait konfurm it.

But it woz nou tú lét; for æ Blak Dragun, siñ æ kouardis and konsturnéçun ov æ kiñ and hiz kounsil, bigan tu strec himself mórm and mórm, and diklèrd qat hí wud aksept ov nuaiñ les qan undivaided swé from óçun tu óçun strét akros æ

Æ Normen olsó wer displízd wiæ æ nû kúvenant and rifûzd tu konfurm it. And æ pourful Samuñkl bigan tu çó hiz spirit, and tu dinai dat hí had evur promist hiz dòtur in marij tu æ Dragtn; for hiz hárt smót him hwen hí herd ov æ kruéel súfuriñz tu hwic Fridíma had bin ekspózd in htr wondtriñz, and hí ripróct himself for æ kouardli párt hí had akted in sendiñ hur of, in sted ov manfuli standiñ tp and protektiñ hur wiæ æ bróni muslz ov hiz stroñ árm. At last hí went tu ai aturniz and tu ai énçents dat wer skild in æ lò, and dizaird aem tu egzamin æ párements ov bitroøal bai hwic it woz klémd dat hiz dòtur had bin konsaind in wedlok tu æ snéki monstur. Aftur dilijent serc and kérful disaiftriñ ov æ manûskripts, æ løyurz gév aér opinyun dat nó evidens ov a bitroøal egzisted, and dat æ dokûments rilaïd on tu prúv it had nó valid bériñ on æ kés. Æten sed Samuñkl, God forgiv mí dat ai hav akted laik a fúl; Fridíma çal rittrn, and ai wil difend htr, if níd bí, wiæ mai laif.

Hwen æ taim kém for Magnus Mahárba tu asend æ arón, òl ai ómenz wer unpropicuſ. Æ skai lourd, æ kloudz çot fóra laitniñz, aundurz mtturd, vaipurz and ratlsnéks kém hisiñ from aér denz, and æ hai príst, dat woz tu pór on hiz hed ai anointiñ oil, woz a dárk daiabolikal Dragónian. Nou Magnus Mahárba woz ov a kwaiet and pís-

And aé gaætrd aér flíts and ármiz and set aem in batl aré agenst æ kiñz garisunz, for aé wer impéçent tu bigin æ wor.

CAPTUR VI.

TÓNIPAIL kasl, on ai ísturn kóst ov Sunland, woz wun ov æ kiñz stroñholdz bilt bai Samuñkl at grét ekspens, az a séf-gárd agenst foren invédurz. It stud at æ mouæ ov a rivur, and woz gárded bai æ servants ov Samuñkl, hú had ordurz tu admit nó vizituz nor alou eni veselz tu pas wiæout æ kiñz purmiçun. And æ Dragun sent a mesenjur tu æ kaptin ov æ garisun, séñ, Giv mí æ kí ov æ kasl, æat mai woryurz mé entur in and okûpai it, for it iz bilt upon mai terituri and ærfór biloñz tu mí. And æ kaptin and æ æat wer wiæ him rifûzd, for æ sed, Wí must obé ai ordurz ov our kiñ, and wiæout hiz purmiçun wí kan giv admitans tu nó wun. And Prins Jefur sed, Nou iz our taim; let us storm æ kasl, and só briñ on wor, and æen wil òl æ pípl ov Sunland bí yunaited az wæn man, and wí wil fair ær hárts agenst æ tairant Mahárba, and wil gó out agenst him in batl, and wil óvuraró and distroi him, and wil entur hiz pales and rúl æ hól land. And hí gév æ komand, and Dük Pretigárd surounded æ kasl, and bumbárded it wiæ hiz artiluri, and æru upon it çelz and kombus-

And hwen Magnus Mahárba sò hwot woz dun, hí sent wurd tu Samuṇkl, and bad him gó arú æ land and kolekt arí skór and fiftín aouzand wor-yurz tu fait for aér kiŋ and kuntri, and tu rikuv-ur æ forts and kaslz ñat had bin kapeurd. Ðen woz Samuṇkl glad, for hí had loŋ bin impécent tu avenj ai insults ov æ Dragónianz, and had bin aŋgri wiə æ kiŋ for hiz ekstrím forbèrans. Hí had olsó tóld hiz frendz pravetli ñat Fáur Magnus çud not ristrén him muc longur, for if hí kud not obtén ridres uaurwaiz, hí wud ték æ lò intu hiz ón handz. And aér woz trampiŋ tú and fró, and mesenjurz huriŋ óver plén and mountin, and æ èr woz alaiv wiə æ sound ov musturiŋ futsteps and æ ratliŋ and burniçiŋ ov wepnz.

And Samuṇkl konsulted wiə æ ric men ov Gó-sam, and hí kounseld aem tu ópn æ selurz hwèr æ cé kept aér trejurz, and briŋ out æ góld ñat woz hidn bihaind aér wòlz, and giv it intu æ handz ov æ kiŋz ofisurz for purceiŋ wepnz, and for bildiŋ çips, and for klóciŋ and fidliŋ æ woryurz. And aé anstrd him févurabli, and promist tu giv æ kiŋ òl ñat hí níded.

Nou æ siti ov Gó-sam woz a Bébelaitiç siti,

Æ mercantz and marinurz wer jenurali frendz ov æ Dragun, biköz aér welz woz méd bai trafikiñ in æ skélz hwic fel from hiz bodi, for hí çed hiz skélz evuri yír, and aé wer ov a fain and bûtiful tekseur, and suseptibl ov a grét varaieti ov kulur and poliq, and hwen manûfakcurd intu róbz and vestments wer muc admaird and sòt aftur bai æ mercants ov foren kuntriz. Æ Dragun had nou put a stop tu aís trafik; meni, aerfór, hú had príviusli advo-kéted hiz kòz, sudenli turnd agenst him, diklériñ aat aé had olwez dislaikt him in aér hárts, and aat hensfóra aé abjúrd and rinounst him forevur. Æ ívn went só fár az tu sé it woz not fit aat suc a monstur çud liv. Æ arí waiz men ov Gó-eam, at húz lips æ pípl wer akustumd tu ték advais, and húz némz wer Taimservitür, Tribún-osofer and Hárlikin, had until nou bin divaided in kounsel. And æ multitûd ruçt wiæ wun impuls intu æ kounsil gróv, and æ cíf woryurz, and aì óld men, and æ mercants, and æ løytrz and spiricual doktrz haraçgd æm ær, and egzhorted æm tu fait for ær olturz and inheritansez and æ kuvenant ov ær fáçurz. And æ gróv rizounded wiæ çouts, and traikulurd banurz wer huñ upon evuri trí, and æ pipl lifted up ær handz tórd hevn and tuk a solem ór aat æ wud alou nó Dragun kiñdum tu bí establiçt upon ær soil. And æ guvurnur ov æ siti, húz nérm woz Rotnwud, a cíf ov æ Dragónianz, woz ær; and hwen the multitûd diskuvurd him æ krouded around him and æretnd him, and told him aat hí olsó çud réz hiz vois for hiz kiñ and kuntri, or els bí kounted for a tréttur. Só æ kompeld him tu mount æ vinigur barel and çout for Magnus Mahárba and Samuñkl.

And æ grét ármi ov Samuñkl woz gaçurd akordin tu æ kiñz komandment, and æ komenst ær márc intu Sunland. But æ jenuralz wer kòçund tu díl jentli wiæ æ lordz and prinsez ov æ Dragónianz, and on nó akount tu mék wor upon æ Dragun himself, but ónli tu gó him hou impotent hí woz tu kontend wiæ æ fórsez ov æ kiñ, and aüs fraitin him intu gud bihévyur, if hí kud not bí wun bai kaindnes. And hwen Dák Botlhóldur and Dák Miklmakl enterd intu æ

But hwail æ cífs ov æ Normen wer só tendur ov æ Dragún, and só kèrful tu injur hiz lordz and nóblmen az litl az possibl, æ Dragónianz fòt wiæ aèr ut-móst strenñ and fùri, çóiñ févur níaur tu hai nor-ló. Hwen æ kiñ sò dat òl æ smòl batlz wer góin agenst him, and dat insted ov bñiñ imprest wiæ a hólsum dred ov hiz pour, æ Dragónianz wer ónli æ mór imbóldnd, hí kòld for Dûk Dúit-wel, and bad him komens æ wor in ernest. And hí sent him wiæ tú skór and ten líjuz ov stalwura woryurz, orduriñ him tu mék an óvurhwelmiñ asolt on æ sentral Dragónian armi, and aftur di-fitiñ tu pursû aem ívn tu æ géts ov Riemantoun, aèr kapital. Æen Dûk Dúitwel krost òvur æ Boundarimárk rivur and enturd Vurjinland. Af-tur márciñ tú déz hí kém tu a smòl strím kòld Bulskamptir, on ai vaur said ov hwic lé æ Dragónianz stroñli fortifaid, and redi for an atak. And æ Normen advanst and fòt aem arí déz and arí naits, but kud not disloj aem, for aèr cífs wer óld woryurz, surcli skild in aèr árt, and aé wérili kept tu aèr intrements and wud not fait on ai ópn fild. But on æ fóra dé aé márcet out and joind batl, and fòt wiæ despuréçun; and aèr woz a grét slötir. And hwen æ sun woz góin

And hwen a fū ov aem bigan tu flai, æ terþr spred amun aë rest, and aé lukt aís wé and aat, and ló, æ spektur woz klós upon aem. And aé gév a krai, and arú awé aër gunz and napsaks, and abandund aër wagunz and kanun, and ran az if aí era wer klívian asundur bihaind aem; aé pòzd níaur tu ít or dríñk til aé got bak tu æ royal siti. But aër enemiz did not pursu aem, for aé aot it woz a rúz. And æ nekst morniñ aé sent fóru aër skouts tu egzamin æ batl fild, and tu faind hwèr æ Normen wer. And hwen aé had fuli serct æ rijun around, and sò aat aí ármi ov Samuñkl had indíd gon bak, lívin æ ródsaidz strón wiæ gármens and wepnz húridli kast awé, aër kurej riavaivd, and aé çouted and danst, and proklémd a grét vikturi, and òl Sunland woz fild wiæ soñz and festiviti.

And aé gagurd aër slén and wúnded and berid æ ded. But meni ov æ Normen wer left abuv ground, and hwen æ fleç had dikéd and fóln of, aé karid æ bónz tu aër tents, and manú-fakeurd aem intu dríñkiñ kups, and fingur riñz and neklésez, and òl mantr ov kúrius ornaments tu prizent tu aër waivz and swíthárts, az tóknz ov aër valur, and tu hañ up az trófiz in aër kolejez and mûzíumz, alon wiæ æ skin ov Osamiz stn, and æ skalps and skeletunz ov uaurz aat had bin sakrifaizd in ontr ov aër god.

CAPTUR VII.

AORTIFAIID and konfounded at ai unlukt for dizastur ov Bulskampur, æ kiñ and hiz lordz and hiz párliment bigan tu dout hweaur æé çud bí ébl tu fraitn æ Dragun out ov hiz insolens bai kiliñ of a pórçun ov hiz servants and adhírents, and hweaur it wud not bí betur tu mék wor direktli upon æ monstur himself. But æ kiñ sed, Let us dú justli, and let us spèr hiz laif if possibl. Ai hav tékn an óa tu prizerv him, akordiñ tu æ éngent stacuts; yet notwiastan diñ aís, mai obligéçun tu æ kuntri iz grétur. It iz æ fiziçunz dûti tu sév hiz pégent wiæ hiz limz entair if hí kan; but if hí faindz aís impossibl, æen hí iz justifaid in kutiñ of a lim tu sév æ manz laif. Só wil ai dú wiæ æ Dragun; hwen it bikumz sertin qat ai kanot sév him wiæout endén-juriñ æ kiñdum, ai wil lív him tu hiz fét, and hiz vailens çal kum doun upon hiz ón hed, and ai çal bí giltles ov hiz blud. Æen sed æ kiñz kounselurz, Let a párt ov æ Dragunz pour bí tékn awé, and let sum ov liz landz bí konfisketed, and

Æs gal wí tuc æ Dragun in a tendur spot, and hí wil bikum alármid, and wil bí kompeld tu sú for pís on scc térmz az wí mé diktét. And æ kiñ gév hiz konsent, and æ rót æ dikrí, and it woz rikorded amun æ stacuts ov æ relm.

Sun aftur aís, wun ov æ kiñz cíftenz húz ném woz Dûk Frímantl, dâriñ hiz márcez in æ west, diskuvurd wun ov æ Dragunz loñ ármz ekstended out intu æ nû kùntri and grapsiñ a sték hwic hí had planted aér az a sain ov hiz lòful pozeçtn. And Frímantl tuk hiz staf and hésted, and léd hóld on æ jaigantik pò, and bound it fast tu æ sték, and gév ordurz tu hiz ofisurz aat æ gud briñ sórdz and aksez and naivz, and kut it of. Den æ Dragun hould wiæ a bitur and móst lamentabl houl, aat ríct ívn tu æ pales, and fel upon ai írz ov æ kiñ. And hwen æ kiñ had inkwaíd and lernt æ kòz, hí sent a mesenjur tu Dûk Frímantl, and ribûkt him, and ordurd him tu rilís æ Dragunz árm, and in nó waiz tu sevr it from hiz bodi, az æ wúnd mait prúv fétal, and æn hí wud bí gilti ov æ Dragunz blud. But Frímantl wud not lús æ bandz, for hí rigárded æ sléiñ ov scc a monstur az nó murður. Nevuræles, out ov rispekt tu æ kiñz oídurz, hí let æ pò rimén az it woz, until Dûk Huntsman woz sent tu kut æ

But òl æ kiñz kaindnes had nó efekt upon æ Dragun, for hí woz az proud and impíritus az evur. Æten æ kiñz kòld for faiv hundred líjunz ov woryurz, in adiçun tu aóz hí olredi had, and hí tuk tú hundred líjunz ov æ brévest, and plést Dûk Miklmakl at aér hed, and ordurd aem tu márc valyantli but wérili, and ték pozeçun ov ai enemiz kapital. And Dûk Miklmakl sed tu æ kiñz, Ai must trén and tíc aem bifór ai kan líd aem tu mít æ Dragónianz, lest aé çud not bí ebl tu wiastand æ çárp ej ov batl, and çud bí put tu konfújtu az at Bulskampur, and wí bí agen bròt tu çém.

And æ muni in æ kiñz kofurz bigan tu gró skant, and æ góld síst tu fló from bihaind æ wòlz ov Góðam, and from æ vòlts ov Bruðursiti and Bívtoun, and Rickárgó, and æ rivur bañks hwèr æ kiñz ofisurz had digd só suksesfuli yılded nó mórm. And Lord Grífig multiplaid hiz milz, and kast æerin óld klóaz and daivurz linen and kotn fabriks, and aer kém out bútiful soft muní, stampt wiæ imejez ov æ kiñ and hiz lordz, and ilustréted wiæ òl manur ov strénj and kúrius divaisez. And æ kulur ov it woz grín, laik æ kulur ov æ ógun. And hwen æ kiñ sò it hí woz wel satisfaid, and Samuñkl tuk it and surküléted it arú æ kuntri, and æ pípl were dilait-ed, and yúzd it for trafik and for æ pément ov tribût and kustumz, and nó longur komplénd ov ær burdnz.

Lord Síwordur woz olsó wtñ ov æ eif ministerz ov æ relm, and hí woz apointed tu woc æ kiñz and kuntriz biyond æ síz, and tu privent ær sendin óvur veselz and renduriñ asistans tn æ Dragun. And Lord Dípwotur had cárj ov æ çips ov Samuñkl, and hí sent aem tu gárd æ isturn kóst ov Sunland, and tu aró fairi misilz up-on æ Dragónianz, and tu draiv aem out ov ær sitiz, and tu riték æ fortresez ov Samuñkl hwie had bin stóln from him. And æ veselz skourd aloñ æ góð and went around tu æ soua ov Sunland; and enturiñ intu æ Grét Bésn æ past on and kém tu æ moua ov Fáaurwotur rivur, on æ bañk ov hwic lé æ grét siti Fívrópolis. And Dük Botlhóldur went up wiæ æ çips, and stormd æ fortresez and tuk æ siti, and held it in æ ném ov Kiñ Magnus Mahárba. And hí rúld æ enemiz ov æ kiñ wiæ rigur, bóa Híseg and Cí-

Hwail æ çips wer aüs mékiñ koñkwests on æ suäturn çór, Dûk Miklmakl riménd in æ royal siti kërfuli tréniñ hiz tú hundred líjunz, só aat hwen æ sprinç ópnd hí mait müv aem forwurd tórd Ricmantoun. Só aé tuk çip and landed on aí ísturn çór ov Vurjinland, and márct tórd æ Dragunz stroñhóld. And hwen Dûk Miklmakl had kum nír tu æ siti, and biheld æ spairz ov æ templz, and æ fortifikéçunz bihaind hwic æ Dragun had intrenet himself, and æ vast ármiz aat wer gaæurd around æ plés for its difens, and kud dizern æ formz ov æ horsez and æ horsmen aat wer müviñ in æ distans, and aí ópn mouaz ov æ grét blak gunz, hiz hárt suñk wiñin him, and æ joints ov hiz níz bikém lús and hiz limz tottriñ. And hí kòld for a spéd, and sed tu hiz woryrz, Hwot yú sí mí dú, aat dú yí ols). And hí bigan tu dig in aí era, and tu kast up a bañk bifór him, and hwen hí had aténd a sufíçent depa, hí sat doun in it, and woz sikûrli protekted agenst eni misilz hwic aí enemi kud hurl at him. And aé òl did só; and hiz woryrz dug for aemsevz kumfurtabl hólz in hwic aé

Hwai çud æ kiñ kontinyu tu çó kaindnes tu æ Blak Dragun? Dú yú stil purpus tu giv mai dòtur Fridíma tu hiz unacural embrés? Wil yú sík for vaur rekordz ov bitrogal, sins it iz found dat ai óld kuvenant givz æ Dragun nó klém?

Oen Magns Mahárba, hú sò dat Samuñkl woz grélti eksaited, ansurd him mísli and sed, Rímembur, gud frend, dat yú yúrself hav aknolejd yúr promis tu giv yúr dòtur in marij tu æ Blak Dragun; yú hav ripítedli averd dat aís woz yúr undurstandiñ ov æ kuvenant; yú hav sent out yúr servants tu hunt up æ fújitivz and riturn aem

tu bondej; yú hav círfuli péd taksez and tribût for suportiñ æ Dragun and hav çerd in hiz profits, and nou wil yú disavou yúr ón wurdz and ripûdiét yúr obligéçunz?

Oen Samuñkl kulurd dipli, for hiz konçens kondemnd him, and hí kud not anstur a wurd.

Oe kiñ kontinyud, Yú sé it iz roñ tu opres æ Kuçanz and tu ekstort from aem lébur wiçout wéjez. Ois iz just hwot ai hav olwez aòt; but æ sól-dokturz tel mí it iz rait, and qat æ Dragun woz méd bai æ Kriétur for aís veri purpus, and qat æ sékred buks konfurm it biyond kwescun. And hwen ai maiself sí qat God haz aloud æ Dragun tu egzist for só meni éjez, and stil kíps him in bññ, ai am led tu dout hweaur hí héts æ krícur az mtc az ai dú; for if it had bin left tu mí, ai wud hav put him out ov æ wé lon agó. But ai hav nó pour óvur æ Dragun, and hwot wud it avél if ai çud sé tu æ Kuçanz, Yú ár nou dilivurd, yúr dunjun iz unlokt, yúr céñz ár brókn? Wud mai séñ só mék it só? Çud ai not bí laik æ fémus Bulfaitur hú atact hiz animal tu a pépur kait and sent it up tu stop æ komet? Ai kanot ívn send a mesenjur tu Ricmantoun; mai sóljurz hav bin traiñ for a yír and kanot get aér; hou am ai tu ric æ Kuçanz and tel aem aé ár rilist from æ ooriti ov aér opresurz?

But Samuñkl woz not satisfaid, and hí sed æ mait az wel stop faitiñ if æ wer stil ditermind tu rimén in frendçip wiç æ Dragun and rijekt æ

frendçip ov æ Kuçanz. And hí went awé dounkast and hevihárted, displízd wiæ æ kiñ for hiz konçiençusnes, and kursiñ æ dé ñat hí had evur bin düpt bai bad advaizurz tu entur intu pátnurçip wiæ Old Skeli.

Hwen Samuñkl woz gon, æ kiñ bigan tu riflekt bittrli on æ kondicun ov hiz kuntri, and æ miztriz æ Blak Dragun had brót upon it, and hí inkwaird wiain himself, Iz it rait ñat òl mai subjekts çud periç for æ sek ov wun, and ñat wun æ móst hétful ov òl, a tairant and an enemi, húz distrükçun wud, biyond dispút, bí a publik benefit? Am ai not duiñ roñ tu Samuñkl and Fridíma, and tu æ pípl ov æ land, bai sakrifaizin ñem at æ grain ov ñis bludi Mólok? Dtz not mai óa tu protekt òl ai inhabitants rikwair ñat ai çud puñç aóz hú injur æ rest? If æ Dragun iz entaitld tu mai protekçun, iz hí not olsó laiabl tu penaltiz for hiz roburiz and hiz murdurz and hiz ribelyunz?

And æ kiñ kud not slíp ñat nait for æ multitud ov ñots ñat prest on hiz memuri, and for piti ov æ reced Fridíma, húz kraiz for protekçun hí had só lón disrigárded; and hí nou bigan tu riproc himself for havin kóldli turnd hür awé, hwen hí çud hav ceriçt hür az hiz best frend. Aftur rivolviñ æ matr in hiz brén for a lon taim, hí fainali konkláded ñat hí wud indulj æ Blak Dragun in hiz wéwurdnes nó longter; ñat hí wud apoint him a dé for ripentans and rekonsiliéçun, and aftur ñat if hí çud pursist in hiz

wiked and wontun wor, hí wud içú a dikri for hiz ekspelçun from æ fer plénz ov Sunland, hwèr hí had set up hiz ootoriti, and for æ liburéçun ov òl æ Kuçanz dat wer hiz bondmen.

And hwen æ morniñ woz kum æ kiñ aróz erli, and enturd intu hiz klozet, and put hiz aots tu raitiñ in æ form ov a proklaméçun, oftriñ a fri párdú tu æ Dragun and hiz adhírents, and setiñ Lim a taim tu dizist from hiz worfèr and bikum rekonsaild tu Samuñkl, and worniñ him ov hiz fét if hí çud stil longur rifûz. And hí kòld hiz lordz tugeaur for kounsel, and çód æm hwot hí had ritn. And nun ov æm sed òt agenst it, for æ sò dat æ kiñ rezolûçun woz fikst. Æ wer olsó glad dat æ Dragun woz at last tu mit hiz ñizerts. Æten sed Lord Síwordur, for hí woz waiz and fár-ssiñ, and undurstud taimz and síznz, Æi ofcr and worniñ hwic æ kiñ purpusez tu mék tu æ Blak Dragun ár gud, but æ taim iz not propiçus. For ci ármiz ov æ kiñ ár nou drivn bak, and æ Dragónian kaptinz and horsmen ár presiñ upon us sórli, ívn tu æ géts ov æ kapital, and æ hárts ov æ pipl ár melted laik waks. And hwen æ nûz ov aís aretniñ iz spred abròd, òl men wil sé it iz æ kiñ last krai ov dispèr, for hí iz subdûd bai æ Dragónianz. and in hiz ekstremiti hí luks tu æ Kuçanz for help; not dat hí kérz for æ Kuçanz or dizairz tu protekt æm, níáur haz hí eni rispekt or piti for æ won-driñ and reced Fridíma, but selfiçnes and fir konstrén him. Só æ néçunz wil skorn us, and

æ pípl ov Sunland wil traumf óvur us and mok our impotensi, and gró boldur in fait dan bifór. Raður let æ kiñ wét for a móð ospiçuz sízn; and let our jenuralz ról bak æ taid ov wor intu æ enemiz kuntri, and let our invinsibl hósts agen stand bifór Riemantoun. Hwen aís advantej iz génd, let æ kiñ içú hiz proklaméçun aud hiz worniñ, and ordén liburti tu æ kaptivz, and òl æ Kuçanz wil ruç tu join us and æ Dragun rés çal kwék arúout òl Sunland, and aen az koñkururz wí wil priskraib æ kondiqunz ov pís. And æ kiñ sed, Ois kounsel iz gud; wí wil wét for æ betur taim.

CAPTUR IX.

 RINS JEFUR and æ Dragun wer nou in klós konsultéçun, and hwen æ sò æ diskumfieur ov æ Normen, and hou æ had gaæurd around ær kapital in terur, æ léd ær planz for invédiñ and koñkuriñ òl Norland. And æ sent of Bóldrobin in hést, and ordurd him tu lé wést æ tounz and sitiz, and síz æ silvur and góld, and æ floks and herdz, and evuri aïñ upon hwic hiz woryurz kud lé ær handz. And bñiñ eksídiñli puft up wiæ vénglóri, Prins Jefur gév ordurz æt æ çud ték kaptiv Magnus Mahárba himself, and briñ him in cénz æt hí mait çó him tu æ Dragun.

Mínhwail æ kiñ, pursíviñ æ dénjur ov líviñ an ópn ród bai hwic hiz enemiz mait advans tu atak æ kapital, had sent of anvaur ármi tórdz Ricmantoun bai æ wé ov Bulskampur, tu draiv bak æ hòti hósts æt wer ruçiñ óvur æ Rapidrun and Rapidnokiñ rivurz, and arú æ vali ov æ Çainiñdór. And hí divaided ai ármi intu bandz and plést óvur æm Dûks Pontif and Dúitwel anl Stroñbír, and væur brév jenuralz. And æ kiñ sed it woz bai òl mínz fitiñ æt æ Pontif çud bí

abuv æ rest, só hí gév him æ cíf komand. But Dûk Pontif woz a yuñ woryur, and æ óldur cífs wer jelus, and displizd ñat a stripliñ çud bí plést óvur æm.

And hwen hí ríet æ Rapidnokiñ rivur hí as-embld hiz woryurz and harañd æm, and tóld æm ær wud bí nó mórm̄ dizasturz, for æ had met ær last difit and méd ær last ritrit, and nou ær brouz wer tu bí kround wiñ æ caplets ov vikturi. Só hí spred out hiz ármi aloñ æ rivur bank tu privent æ Dragónianz from krosin, but æ kém on in swormz laik lókusts, and hwail hí woz gárdiñ wun spot ær daçt óvur in anuatur. And hwen hí sò hou grétli ær numburz eksíded hiz ón, hí bikém alárm̄d, and sent and bisót Dûk Miklmakl tu giv him mórm̄ woryurz, and fúd for hiz men and horsez. But Dûk Miklmakl sed hí çud hav nón betur ñan tu gó ñat wé, and nou hí mait get himself bak az hí kud.

Den Dûk Pontif sò ñat hí woz in an ívl kés, and hí gaðurd hiz woryurz around him, tú skór and ten líjunz, and fót æ sekund grét batl ov Bulskampur agenst an óvrhwelmiñ multitûd ov Dragónianz. And Dûk Stroñbír stud aluf and wud not help him in hiz ekstremiti; but Dûk Dúitwel, and Dûk Heneman, and Horntostr, and Çárpsíkl, and æ vaðr dûks and kaptinz fót val-yantli, and kept up æ fait sevn déz. For æ sed, Wí must nou ritrív æ dizasturz ñat bifel us last yír bai rízn ov æ spektur. But hwen æ bi-held æ kóhorts ov æ Dragónianz multiplaiñ, and

kumiñ on bai tenz and hundredz ov aouzandz, and sò æ touriñ plûmz ov Bóldrobin, and æ majestik strайдz ov Loñstep, and herd æ aundur-iñ ov Stónijaks kavalri, æ pursívd ær kés woz hóples. And gaðuriñ up æ remnants ov ær broken bandz, æ méd ær wé bak, az best æ kud, and bituk æmselfz for çeltur tu æ stroñhóldz on æ bañks ov æ Boundarimárk.

Folóin çárp astur æ kiñz ármi ruçt æ líjunz ov Stónjak and Loñstep, wiæ Bóldrobin bihaind æm. Ùrú æ Çainiñdór vali and óvur æ Boundarimárk rivur æé swept laik a hwurlwind. And ten aouzand ov æ Norland woryurz wer kípiñ gárd in æ vali ov æ Hárpurz, and æ wer hárpiñ and siñiñ soñz in prez ov Samuñkl and Fridíma, and ov Osami æ mártur, for dat woz æ spot hwèr hí fel. And æ Dragónianz surounded æm, and tuk æm kaptiv, and bad æm hañ ær hárps on æ wilóz and siñ nó mór.

And æ kiñ woz sórli purplekst and sik at hár, and hí went intu hiz klozet and çut æ dór, and préð tu æ God ov hevn, and voud a vou, séiñ, If God wil but giv mí rilif aís wuns, æen wil ai nó longur dilé, but wil apoint æ Dragun hiz dé, and astur alouiñ him spés for ripentans, ai wil proklém a dikrí ov outlòri agenst him, and hí çal bí eksterminéted and distroid, and høy up az a spektakl in æ sait ov òl néçunz.

And æ kiñ woz in a grét strét, for hí had nó jenural on húm hí kud rilai tu líd hiz woryurz at stc a kritikal taim. For Dûk Miklmakl had ri-

turnd in dizonur from Ricmantoun, and bisaidz qat, hí woz veri tendur ov æ Dragónianz, and hí had wornd æ kiñ not tu mēk wor upon æ Dragunz ón royal persun, bæt ónli tu terifai him stumhwot bai draiviñ bak hiz ármiz. Nor woz æ kiñ wiliñ tu entrust æ komand tu Dâks Pontif and Dúitwel, hú had olredi bin traid and found unébl tu kóp wiæ æ dèriñ proues ov Bóldrobin. Só hí kôld hiz kounselurz, Lord Síworder, and Lord Blériñtrump, and Lord Stampon qat woz æ kiñz ármi-skraib. Æen sed Lord Stampon, Wí must hav a nû cíf; bæt ai uaurz priferd Dûk Miklmakl, for aé sed, Hí iz a Dimókrian, and if wí dismis him òl æ Demókrianz wil dizert æ kiñ, and aen wil it bí wurs wiæ us qan it iz nou. And æ kiñ sed, Rait; it iz not waiz tu swop horsez in æ midl ov a strím. Só Dûk Miklmakl woz sent forwurd wiæ a grét ármi, and hí enkounturd æ Dragónianz in æ suæurn mountinz ov Midlland, and set in aré agenst aem Horntosur wiæ hiz líjunz, and Frañkman and Bur-niñbrand, and aé méd a grét slötur ov ai invéderz, and cést aem up æ saidz ov æ mountinz, and óvur æ roki krests, and doun intu æ vali bihaiind aem, hwèr woz a smòl rivur kôld Antíturz krík. Æen Bóldrobin krost æ strím, and tuk pozeçun ov æ hilz qat lé in æ form ov a kres-ent on æ western bañk, and pripèrd for a grét batl. And æ kiñz ármi enkampt on ai ísturn said, and léd aemselvz doun tu rest for æ nait, séiñ. Tumoró is æ dé ov wor, hwic iz Wódenz.

And hwen æ ai-ópnur bigan tu klaim óvur ci ísturn hilz æ woryurz rouzd from aér slúmburz and komenst æ fait. And æ batl wakst firfuli bludi and kontinyud òl dé. On æ noru Horntosur réjd laik a madnd bul, and swept doun æ Dragónianz wiæ hiz artileri; but hí woz at leñu wúnded and meni ov hiz kaptinz kild. And hwen Dúk Súmunur sò it hí sumund hiz band ov vetrancz and prest forwurd tu fil up æ vékant rañks and hóld fast æ ground dat had bin wun. Nou hwen æ núntaid woz past, æ Dragónian kolumz röld tórd æ soua, and aér aé fel upon Burniñbrand, hú woz krosiñ æ rivur on a stón brij in ordur tu kut of aér ritrit. Hír aé fót til æ sun went doun, and æ kiñz trúps rested on aér ármiz, ekspektiñ tu rinu æ batl on æ moró. But on æ moró nó batl kém, for Bóldrobin had dis-apírd. Æn sed Burniñbrand and Horntosur, Nou iz our taim tu bí up and aftur aem; but Dúk Miklmakl sed, Nó, wí ár not ébl; for æ Dragónianz ár stron, and aé wil líl us intu an ambuç; só hí let aem dipárt in kwaiet. And aé riturnd and went tu aér ón kuntri, and ripórt-ed tu Prins Jefur and æ Dragun æ misforeunz dat had bifòln aem.

Hwen Magnus Mahárba sò dat hiz prér woz ansturd, and dat God had givn him æ vikturi óvur hiz enemiz, hí rimemburd hiz vou dat hí had méd, and hí sent for hiz skraibz and kòzd aem tu kopi æ raitiñ hí had ritn, dat it mait bí skaturd amuñ æ pípl. And hí sed wiæin

himself, Nou wil ai divaid mai enemiz, and ai wil ofur a riword tu aóz aat çal forsék æ Blak Dragun and riturn untu mí, and hwen ai hav bai aís mínz ríkuvurd a pórçun ov aem, ai kan ízili subdû æ riméndur. Só hí kòzd æ raitiñ tu bí waizli and kérfuli wurded, promisiñ tu æ pípl ov òl æ provinsez aat çud rinouns and abjúr æ súpremasi ov æ Dragun, and in tókn ov aér obídiens send up aér mesenjurz tu æ grét kounsil, aat æ past çud bí forgivn, and aé çud bí aloud tu mék aér ón guvurnment, and tu manej aér ón aférs az afórtaim. And if aé nou submited aé çud bi permitted tu ritén aér helots in servis; or if aé wud konsent tu rilís aem for a ransum, aen hí wud prokûr fromi æ grét kounsil æ prais at hwic aé çud bí valynd, and aſtr aat æ kaptivz çud gó fri, and hí wud transpórt aem tu aér éncént kuntri or tu sum uaur hapi klaim. But for æ Dragun and aóz hú kontinyud tu fait hiz batlz, and tu kil æ sóljurz ov Samtëkl, aftur æ píritd ov wun hundred déz, hwic wud terminét on æ furst dé ov æ Gétmuna ov æ nekst nù yír, aér çud bí nó párdn, and òl æ helots aat servd aem çud bi set fri wiçout a ransum, and çud bi at liberti tu gó hwèr æ plízd, and æ kiñz ármiz çud not ristór aem tu aér opresurz, but çud protekt and difend aem in aér fridum; and aüs æ pour and glóri ov æ Dragun wud bí brót tu an end, and hí wud periç and bikum ekstiñkt, for hiz praid and for hiz trízn, and for hiz kraim hwic hí had komited in ribeliñ agenst ai ovoriti and guvurnment ov æ kin.

CAPTUR X.

SAMUNKL and hiz dòtur wer nou sumund tu ae pales. And ae kiñ çód aem ae rait-iñ hí had ritn; and hí sed tu Samunkl, Fridíma çal nó longtr bí a fújitim and a vagabond; hensfóra ciç çal abaid in mai pales az a ñòtur. For ae Blak Dragun haz kild and distroid our pipl, and haz rendtrd himself unwurai ov protekçun; nevuræles, it wud not bí rait to dipóz and baniç him wiæout giviñ him a fèr oportûnti for ripentans and rekonsiliéçun. Ai hav ærfór givn him a hundred déz ov grés; let òl uiñz rimén az ae wer til ae taim bí past, and æn ai wil içu mai dikrí and dipóz him from hiz prinsli stét. And for Fridimaz sék ai wil ranstm ae Kuçanz from ær bondej; and ai wil purces for aem sum hapi ailand hwiaur æ mé biték aemselvz and bí nó mór oprest, and ae tendur hárt ov yúr jentl dòtur çal bí nó longtr céft and tórn wiæ ae kraiz and ae suferiñz ov ai inosent.

Aen sed Samunkl, De wurd ov ae kiñ iz gud; but supóz ae Dragun çud aksept yúr ofur, and ae provinsez and pipl send up ær mesenjuz befór ai ópniñ ov ae Gétmunu, çal æn òl bí

ristórd az bifór? Çal æ laivz ov mai sóljurz hav bin sakrifaizd for nót? Çal æ Kuçanz hú hav bifrended æm and lúst aér fít from æ snèrz, bí agen riturnd tu bondej? Çal ai éngent kuvenant bí rivaivd, and Fridíma bí yunaited for laif tu ñat hidius óld monstur? For nó, ó kiñ, ñat æ Blak Dragun çal nevur risív æ hand ov mai dòtur in marij; and mór ñan ñat, aftur hwot haz hapnd, hí and çí kanot lív upon æ sém kontinent; and stil furaür, az mai ném iz Samuñkl, and az æ blud ov a jaiant rés flóz arú mai vénz, qis árm çal hunt him from çór tu çór, til hiz kárkas iz berid faiv ñouzand facumz díp in æ solt sí, aloñ wiä æ hundred ñouzand hwaitniñ skel- etunz ov hiz mizurabl viktimz not yet kuvurd bai ai ensepulkuriñ úz!

Stop, stop, sed Magnus Mahárba, yú ár tú muc eksaited. Yú nó ñat wiä must dú jçstli, and obzerv æ kuvenant ov æ fáurz. Ai hav bæt veri litl hóp ñat æ nöblz and prinsez ov æ Dragun wil aksept mai ofcr. Purhaps ai çal not suksíd wiä æ pípl ov a singl provins. But if aé çud riturn at mai invitégun, aér raits must bí rispekt-ed. And aftur aé hav submited tu mai otoriti, if aé çud stil wiç tu onur and supórt æ Blak Dragun, subjekt tu æ lòz ov æ kuntri, wiä kan- ot fórs æm tu banic him from aér midst. But ai çal dú mai best tu purswéld æm, and wil giv æm olmóst eni févr æ ask if aé wil aban- dun him. Az tu giviñ up Fridíma tu æ Dragun, if hí çud insist upon hiz klém, lív ñat tu mí.

Ai wil endevur tu pasifai him wiæ a ranstm. Trubl not yúrself and Fridíma wiæ yúsles firz ov hwot wil probabli nevur hapn. If it çud unfor-cunetli bikum nesesari tu yunait Fridíma, in ak-ordans wiæ ai orijinal bond, tu wæn for húm çí haz nó afekçun, ai wil tek kér çat çí iz trited wiæ evuri rispekt. Çí çal never, hwail ai liv, bí fórst tu okûpai æ poziçun ov a mírial. And çí çal bí aloud tu spend æ grétur pórçun ov evuri yír on hur févurit noræurn hilz. Yúr dò-tur, ai am çúr, wil olwez bí redi, az ai am, tu mæk a sakrifiaiz ov hur ón praviet filiñz hwen nesesari for æ salvéçun ov hur kuntri.

Oen Fridíma kud nó longur kontén hurslef, and çí bigan tu krai and sob biturli. Kliniñ klóslí tu hur fáaur and liniñ hur hed upon hiz çoldur, çí tremblid in evuri lim, az an aspen líf tremblz in æ wind. And hwen çí had pártli rikevurd hurslef çí sed, Hwot iz aís çat æ kiñ haz dñ? For æ kiñ haz put mai laif in jepurdi, and mai enemiz wil nou araiz and kombain for mai distrukçun, and wiæ aér flaturiñ wurdz æ wil disív æ kiñ, and az sún az æ hav méd aér pís wiæ hím æ wil persiküt mí móð ñan evur, and æ pür inosent Kuçanz wil bí trodn tu æ dñst, and hunted and kild upon æ mountinz and in æ valiz, and in æ kévz hwèr æ hav hid aemselvz. Ó hou kan ai endûr tu witnes æ sufuriñz ov aís kaind afekçunet pipl? For æ ár tu mí az ón bræaurz and sisturz, and eksept diliurans bí grant-ed aem, let æ kiñ nó aqüredli çat ai çal dai

Oen æ kiñ woz trubld, and hí wept, and sed tu hur fáur, Kumfurt æ médn, and pasifai hur, and dout not aat òl wil yet bí wel. Só æ bid hur drai hur tírz, and hur fáur tóld hur hí woz preti çúr æ Dragónianz wud rijekt æ kiñz propózal. Hur taimi ov traial wud bí but for a fù wiks, and aen hur soróz wud òl bí óvur, æ Blak Dragun wud periç and siñk tu oblivitn, æ kaptivz bí dilivurd from ær bondz, and òl æ pípl wud hél hur az æ hapi kwín ov a nû and betur ej. But Fridíma kud not huç up hur kraiñ, and cí bisòt æ kiñ aat hí wud let hur ritair tu æ forests and kompóz hurselv, and rimén ær til æ hundred déz wer past. Tu aís æ kiñ wud not konsent, for hí sed, Cí wil lúz hur rizn if left alón wia aís aṅzaieti préñ upon hur. Hí fird olsó aat cí mait in a raç móment eskép from æ kuntri and flai tu sum vœur land, and só fulfil æ wurd cí had spókn, aat hí and hiz pípl çud sí hur nó mó r. Hí kept hur aerför in æ pales, kérfuli woct and gárded, and hí gév hur æ best rúm, and invited hur fáur and frendz tu vizit hur evtri dé, aat æ mait súa and enkurej hur. Notwiastandiñ ól ær efórtz tu mék hur hapi, æ kud not ristór hur tu hur naatural bwoiansi. For Fridíma felt aat cí woz a priznur, and aat cí woz stil in

dénjur ov a fét wurs aan dea, and dat ðær woz nó sertinti ov rilíf for æe kaptivz óvur húz bondej cí mórnd. Ofn in æe nait cí wud wék from stártlin drímz, húr hárt urobiṇ konvulsivli. And evuri dé cí lisnd wiæ intens inturest tu æe rámurz, hweat̄r ov pís or wor, dat kém from Sunland, hópiṇ, yet skërsli dëriṇ tu bilív, dat æe Dragun wud persist in hiz foli til hiz dé ov grés woz past. Sumtaimz, hwen wòkiṇ in æe pales groundz, cí wud riflekt biturli on æe kondukt ov æe kiṇ, séiṇ dat hí woz unjest, and dat hí had nó rait tu ofer æe Kuçanz az a braib tu win bak æe Dragónianz. Cí kud not understand ai óld kuvenantz, nor æe kiṇz eksplanéçun ov aem; for cí sed if æe kuvenants wer for uphöldin injestis aé wer an abhorens tu æe God ov hevn, az muc az aé wer tu húr. And fóraur, cí did not bilív a robur kud akwair æe rait tu rob bai mékiṇ a kuvenant wiæ eni bodi eksept æe párti tu bí robd; and it woz not pretended dat æe Kuçanz had enturd intu eni ov æe kuvenants kwóted bai æe kiṇ in justifikéçun ov æe Dragunz ovoriti tu opres. Az for húrself, cí dímd it-a grós outréj for húr fáaur or eni wun els tu mék kuvenants and alaiansez for húr agenst húr wil, and cí kóld upon òl æe wiṇed énzelz tu lend ðær pinyunz and bér húr tu sum uaur sfír, if æer gud evur bí an atemt tu fórs húr intu æe Dragunz ármz.

Bet hwen æe Dragonianz herd ov æe kiṇz ofur and æretniṇ aé diraided aem and sed, Wí hav bet tu hóld on and bí fúrm a litl longur, and æe vik-

And hwen hí had ríct æ Rapidnokiñ rivur and krost óvur tu ai uaur said, hí sò bifór him a hai hil and around it a grét and stron wòl. And hwen hí drú nír, it bikém a wòl ov fair, and belct fóra çourz ov dea-diliñ misilz amuñ hiz woryurz. And meni ov æm fel ded upon æ plén, and æ ritríted wuns and agen bifór æ fairi rúin. And Horntosur begd ov Burninbrand qat hí wud kíp awé from æ wòl, for hí woz fraitnd at æ numburz ov æ slén. But Burninbrand wud not lisn, for hí sed æ must gén pozeçun ov æ hil, kost hwot it mait. Só hí wévd aloft hiz flémiñ brand in æ presens ov hiz hól ármi for æ aurd taim, and æ ruçt forwurd, and æ Dragónianz móð æm doun az bifór, and païld æ plén wiæ æ ded and daiñ, ivn ten aouzand men. And Burninbrand had yet fór skór and ten aouzand woryurz left; and aftur æ sun went doun hí gaæurd hiz dûks and cífs in kounsil, and tóld æm qat hwen æ morniñ brók æ must daç æ remnant ov ær ármi wuns móð upon æ wòl, if peradvencur æ mait ték it. And òl æ cífs bigan tu murmur, for æ sed, Hwai çud wí ripít aís foli, and bít out æ bréNZ ov æ kiñz sóljurz bai aróiñ æm agenst æ wòl, hwen wí kanot ríct æ Dragónianz qat ár bihaind it? Qen Dûk Burninbrand sò qat hiz supórturz had òl feld him,

and hí woz haili displízd, and ordúrd ai ármi tu bí wiadrón tu æ norðurn bank ov æ rivur. And ær woz grét wélin and lamentéçun urreout Norland for æ ten ȝouzand woryurz dat had fóln bifór æ fairi wòl. And æ pípl wer rouzd, and pórd doun from aer

And aer dwelt amuñ ae hñnturz a tuf and stub-urn woryur húm ae kòld Granit, and hí woz dresiñ ae skinz ov waild bñsts ñat had bin kild in ae mountenz hwen hí herd ae tñmolt and mur-muriñ ov ae pipl. Az sún az ae tóld him ov ai insult tu ae Fáaurwotur, hí sent and oftrd hiservisez tu Samuñkl. And Samuñkl spók for him tu ae kiñ, and ae kiñ sent him a komiçun tu kut a pañ doun ae Fáaurwotur and ópn ae canel só ñat ae çips ov ai Admirabl Fèrigift, hwic lé in ae Grét Bésn, mait hav a frí pasej up and doun ae strím.

Oen Dûk Granit gañurd a grét hóst ov ae Híanoíurz, and ae Haiawéz, and ae Waizkounselurz, and ae Miliçaguntrz, and ae Minigúturz, and hí máret aem doun tu ae bordur ov Sunland, and méd preparéçunz tu advans upon Mumifés and Wikedburg, tú grét sitis ñat lé lóur doun on ae bañks ov ae Fáaurwotur. And aer kém up from ae soux a woryur ñat wud not entur intu ae kounselz ov ae Dragónianz, húz ném woz Cúrmán, and hí joind himself tu ae kiñz ármiz, and woz sent out tu fait bai ae said ov Dûk Granit. And hí aat tuk pozeçun ov Dûk Çúrmán woz wuns a fémus cíf in ai Oksident, and woz kòld Tikumsi; hwail æ mentor aat inspirited Dûk Granit woz an éngent híró bai æ nérm ov Yulisíz, aat formurli dwelt in ai Órient.

And Dûk Granit bikém waiz and kòçus, and hí wuð not müv doun æ Fáurwotur until hí had sikûrd æ kuntri on hiz left and rait, só aat ai enemi kud not kum in bihaind him. Nou aer wer tú lárj and veri kruked strímez aat róz in ai Ali-gétur mountenz, and ran up térdz Norland, az if aé wiçt tu éntur æ púrur ríjenz hwèr Fridíma rizaided. And aé went windiñ alon̄ said bai said, veri nír ic uaur, for a loñ distans, until aé ríct æ Haiurwotur rivur, hwic biñ a strongur strím óver-poured aem and turnd aem bak intu æ Fáurwotur, nír æ staurnmóst point ov Norland, at a plés hwèr purpecual kloudz ov Íjipçan dárknæs obskûr æ vijun ov ai inhabitants. And æ pipl hú livd on æ bañks ov aíz rivurz, hwen aé sò hou luviñli aé klun̄ tugeaur in aér kórs, sed, Cíz ár twin brúaurz; and aé kòld aem Twin Síz. Æ norærn strím woz olsó nón bai æ vulgar nérm ov Kumburground. And hwen Dûk Granit pursívd aat æ Twinsí kuntri woz æ kí ov æ Fáurwotur vali, and sò æ despuret efórts aat wer méd bai æ Dragónianz tu hóld it for aér batl ground, hí ditermind aat hiz furst faitiñ çud bí aér. Só hí sent up Raitfut, æ komander ov hiz çips, tu storm æ stroñhóldz ov æ Twinsí hwic lé on hiz

And hwen Flaiññif sò aat æ batl had gon agenst him, and aat hí and his lÿjcnz must bikum kaptivz on æ moró, hí aòt ov òl his æfts and his roburiz hwic hí had komited, and hí woz afréd tu strendur himself tu æ kin, lest hí çud bí trited laik a mal-efaktur az hí woz, and bí huñ up bai æ nek. Só hí kòld his leftenant, and gév him his plûmz and his epolets, and plést him in his sted, and instrukted him hwot tu dú on æ moró. And hwen hí had put òl aïnz in ordur, hí róz up and tuk his Piló undur his árm, and fled, and mód his eskép in æ dárkes ov æ nait, and woz herd ov nó mórr.

And æ nekst dé woz æ dé ov æ Sun, hwic woz a sékred dé, and hwen æ morniñ brók and Dòniñstn kasl bigan tu glitur in æ góldn lait, æ leftenant hésnd tu mék his submiçun, and tu dil-ivtr intu æ handz ov æ viktur ól his woryrz aat riménd alaiv. And æ kounted æ number ov æ kaptivz and found æm tu bí aurtin aouzand men.

Den æ Granit Dûk turnd his fés agen tu æ west, and tuk up his lain ov márc for æ Fáaur-

And æ tú ármiz joind batl, and æ fót arú tú déz, hwic wer æ déz ov æ Sun and Mún, and æn rested, bikòz æ plés woz só ñikli kuvurd wiæ pailz ov ded and daiñ ðat æ kud nó longur mûv óvur æ ground. And æ kounted æ slén and wúnded ov æ kinz ármi and found æ numbur woz twais ten thouzand; but æ Dragónian ded wer tú nûmurus tu kount. And Pretigárd sent and bisót Prins Jefur ðat hí wud giv him mór woryurz, lest æ Granit Dûk çud síz upon æ Fáaurwotur, and æ grét vali bí forevur lost. And grét numburz wer sent on tu sukur him; and hí gaðurd aem around æ Koringian kolumz ðat stud bai æ ródsaid on æ wé tu Mumifés. But Dûk Granit went forwurd and disperst aem; and hí prest on tu Mumifés and tuk it. And hí brók æ cén ðat had bin strect akros æ Fáaurwotur, and distroid æ Dragunz wotur-ramz ðat wer swimiñ up and doun æ rivur, and butiñ at evri miñ ðat kém in ær wé. Ðen hí mûvd doun æ rivur tu atak æ Wiked siti. And hí found it woz bilt hai and stron, and terest up from æ wotur baturiz tu æ sumit, and its wòlz wer ful ov dárk hólz arú hwic òl manur ov burniñ çelz and aiurn bòlz wer çourd upon æ çips ðat atemted tu pas, and upon evri enemi ðat vencurd nai. And wun ov æ kinz ofisurz sed, Let 'us mék a nû ród for æ Fáaurwotur, ðat hí mé fló tu æ

Œ nû íra ov Fridíma woz nou nai at hand; but Dûk Granit, laik Rózikroun, woz impéçent for sum vikturi bifór ai óld yír çud klóz. Só hí kòld Dûk Çúrman, in húm hí ripózd konfidens, and sent him doun æ strím wiæ ordurz tu land hiz ármi on ai ístern çór just abuv Wikedburg, and mék an atak from æ noræ. And Dûk Çúrman went and efekted a landiñ az hí woz ordurd. And arí déz bifór æ nû yír hí led hiz trúps up tu æ wòlz ov æ siti, and arí aouzand ov hiz woryurz wer smitn doun bai æ fairi bízum dat swept óvur and around aem. And æ ground hwèr aé trod woz soft and mairi, and at ívntaid æ skaiz pôrd doun aér réni torrents, and æ wúnded and daiiñ sunk intu æ mair and lé ðl nait in pitiful helplesnes and nizuri. And hwen æ morniñ woz kum, Dûk Çúrman askt purmiçun tu beri hiz ded and briñ awé hiz wúnded, hwic woz granted. And hwen hí had purformd æ last sad ofisez for hiz fòln kumradz, hí gaðurd æ rezidû ov hiz woryurz, and plést aem on bôrd hiz veselz and bròt aem bak tu aér kampiñ ground at Milkiñpenz.

Aftur aís félyur Dûk Granit bigan tu divaiz nû skimz for dislojiñ æ Dragónianz from æ haits

Den aé Dragónianz laited up aér fairz, and hwen aé sò dat aé çips had gon bai, aér hiltops rizounded wiæ réj, and aé spit out astur aem strímz ov brimstón and fair, but òl tu nó purpus. And Dük Granit brót hiz ár mi around in séfti, and haviñ rijoind hiz veselz hi krost óvur and kém in bihaind aé siti, and bisjd it. And hí aréd hiz gunz agenst it, bóx from aé land said and from aé wotur, and rénd upon it a storm ov fair bai dé and bai nait. And Dük Pepurkorn, hú stud-wociñ upon aé wòlz, woz indignant, and hí pripèrd tu difend himself tu aé last.

But let us pul out ae pilarz from undur wiæ fain èrkasz, and put a stop tu aèr koronéçun déz, and turn aèr holidéz and aèr rijoisiñz intu mórnful wélinz and bitur tírz. For wí ár wel ébl tu send our ármiz intu Norland, and wí wil ték pozeçun ov aèr kiñ and hiz kapital, and ae sitiz and tounz and stroñhóldz çal ópn aèr géts at our apróc, and òl ae góld and silvur ov ae land çal bí ourz. And ae Normen sò aat ae taim ov aér sór traial woz kum; for if aé kud not bit bak ae viktóritis líjunz ov Sunland aé must bikum aér bondmen and serv aem forevur. And ae Penwudianz sent in hést for helpurz tu òl ai ríjün round about; and ae kiñ kòld vpon ae rúlerz ov ae provinsez tu lend aér éd and ról bak ae taid ov invéjün. And hí sent of ordurz tu hiz çips and woryurz aat wer upon ai ísturn góð tu múv up ae rivurz and atak ae Dragun in hiz rír. Óen Jefur woz grétli alármad and sent of in hést tu kòl bak Bóldrobin, btt it woz tú lét, for hí woz nou far up in the Penwud hilz.

And sevn déz bifór koronéçun dé ae kiñ sent for Dûk Huniwotur, and gév him komand ov ai ármiz, and cárjd him tu múv wérili, and tu briñ Bóldrobin intu hiz snèr, and bai nó mínz sufur him tu eskép and riturn tu hiz mástur. And Dûk Huniwotur pursívd aat ae strugl wud bi despuret and bludi; and hí silekted ae vali ov Deasburg for hiz batl fild, and márcald hiz hósts on Sepulkur hil, souæ ov ae siti, and gév ordurz tu hiz cífs aat if aé sò eni woryur turn hiz bak tu ae fó, ae penalti çud bí instant dea.

And Boldrobin, sín ae plés hí had silekted, méd hiz wé tu ae sém spot, and tuk pozeçtn ov ae hilz on ae nora, and ai Ókn rijež on ae west, húz ívniñ çadóz arú a klasik bûti óvur ae píſful vél. And ciarur hí brót hiz infantri, and hiz kavalri, and hiz ártluri, a hundred and fifty grét gunz, and fild ae wudz wiæ hiz worlaik aré.

And on ae furst dé ov ae munu Július ae batl bigan. For Béldrobin woz aŋkçus tu fait bifor ae trúps ov Huniwotur had òl kum up; só hí hésted aud put forwurd Dûk Erlistárt, hú fel hevili upon ae Fridónian bandz dat wer in advans ov ae rest, and kapecurd about arí ʂouzand men. Ae nekst dé ae kontest woz rinûd wiæ stil grétur fûri, and ae kantn pôrd aèr aiurn storm upon ae Round tops and Granit spurz ov Sepulkur hil, and tór arú ae wudi ʂikets ov ae Wulvz' mounten; and ai ártluri ov ae Normen pild and splinturd ai éncent Óks binia hwic ae Dragónianz had tékn çeltur. And æ doktr wud mék æ skel etunz get up and dans bifór him for hiz amûzment, and hwen æ kud not raiz hí wud uretn æm wiæ nû torments until æ did. And æ púr krícurz bikém dilirius, and æ fót wiæ íc uaur, and dizaird tu dai, but kud not, for Wurstovòl woz kèrful tu prizerv aér laivz until æ taim for sakrifaižiñ æm tu hiz mástur. De nunibur qat hí sakrifaižd woz fistín aouzand, and æ uaur fistín

And æ dímunz ɔat went intu Snóland tuk poz-

And Sandadtr and hiz asóciéts, hú wer ful ov sutlti, rót tu æ Tribûnosoftr tu intersíd for aem, and prokûr aem an òdiens wiæ æ kiñ. And aé invited him tu vizit aem in Snóland tu help forwurd æ wtrk ov pís and kompromaiz, só dat òl mait bí hármonius agen az bifór; for aé nû dat bññ an onest man hí woz unspicçs ov gail in vaurz, and ærfór wud bí æ mór ízili entangld in aér snèrz. For bññ aïkçs dat evuri aïñ in æ yúnivers çud bí gud and plezant, and ful ov bin-evolens laik himself, hí woz lóa tu bilív dat ívl egzisted in eni wwrld eksept hwèr hí sò it wiæ hiz aiz; and hí kud not bí purswéded dat æ Blak Dragun had a fáatr, or dat aér woz eni Red Dragun, hú livd in a lócr sfír and sent out hiz emisariz on eranz ov miscif. Hí ærfór did not hezitét tu aksept æ invitêçun ov æ daiabóli-

But æ kiñ and Fridíma had méd up aèr maindz dat hwotevur distres mait bitaid, nó fur-dur kousegun or kompromaiz çud bí ofurd tu æ Blak Dragun, nor wud aé furniq a singl sil-vur'lin, íaur tu brij æ mortifikégt ov hiz di-páreür, or tu bild a monyument for hiz grév.

CAPTUR XV.

ITERMIND at last tu kruç out æ laif ov æ Dragun and waip him from æ fés ov æ planet or dai in æ atemt, Kiñ Magnus adrest himself tu æ wor in ernest. And amuñ òl hiz jenralz hí found nun íkwal tu Dûk Granit; for olaó ær wer meni loftiur and mór majestik woryurz in hiz servis, and aóz hú kud fait betr in æ beginiñ ov a batl, ær woz nó wun hú stud só írekt in ai end. And æ kiŋ risívd him wiæ onur, and méd him cíf kapten ov òl hiz armiz, íst, west, noræ and souæ; and hí kold upon Samuŋkl for faiv hundred lijanz mór ov freȝ woryurz. And hí ijud hiz sumunz tu æ Kuçanz, bidiŋ aem rali undur æ Fridónian flag, and fait for aemselyz and for aèr kuntri. And aé kém bai hundredz and bai aouz-andz, hwèrever æ kiŋz invitéçun ríct aem, and ígurli joind æ raŋks ov aèr dilivururz. And æ grét gunz ov Samuŋkl bigan tu aundur and laitn òl round æ horaizun. And Dák Kilmór wévd hiz simitur aloŋ qí ísturn kóst, and Dulgrín, a sun ov qí óçun, woz sent wiæ çips and flótiŋ tourz tu éd him in rikuvuriŋ Stónipail kasl, and in æ kapcur ov Curlztoun, æ oriijinal den hwèr æ ratlsnéks wer haect. And aé sent intu æ siti aèr fairi mes-enjurz and aèr swompénjelz, and baturd doun æ wòlz ov Stónipail and méd it a ráin, but aé dèrd not entér it for fir ov æ serpents dat wer kon-síld amuŋ æ roks and rubiç.

And hwen æ sprinj ópnid, Dák Granit tuk up æ gántlet dat Bóldrobin had arón doun, and máret aloŋ æ lain ov advans dat Dúitwel and Miklmakl,

And hí invited Fridíma tu akumpani ai ármi; só çí went alon̄ wiæ æm. And hwen hí had kum tu æe Waildwudz aat lé biyond æ Rapidrun rivur, hí found æe wudz fild wiæ æe woryurz ov Bóldrobin, a nû and maiti ármi, hwic aèr líður dímd invinsibl. And æe faird upon æe Fridónianz from kops and uiket, and cárjd upon æm, and fót firsli for tú déz. And aær wer slén and wúnded on íc said about ten ouzand men. And at nait æe Dragónianz ritaird from æe Waildwudz tu æe Spotwudz, hwèr aær wer fain spots ov ópn plén konvínyent for faitin̄. And aèr æe tú ármz agen joind batl, and fót for siks déz longur. And wiæ òl hiz skil and proues, and òl æe sikret help æe Dragun kud rendur him, Bólárobin woz unébl tu çék æe roki fúrmnes ov hiz antagonist. And Dák Granit prest onwurd, and krost æe Cikenominus swomps, and sat doun wiæ hiz ármi tu bisij æe stroñhóldz ov Riemantoun, in laik manur az hí had bisijd and koñkurd Wikedburg.

And Fridíma woz impégent, and çí sed, Let mí gó intu æe hárta ov Sunland, and kòl out æe Ku-ganz tu fait for us, and wí wil hav æe spídiur vikturi, and çal not hav tu beri só meni ov mai fáurz sóljurz, for it siknz mí tu sí æe slótur. And aftur konsiduriñ hur rikwest for a dé and a nait hí formd hiz plan and sent hur wiæ an e s

And Çúrman klóslí skrútinaizd hur kridençalz, for hí woz afréd cí wud giv him trébl. But hwen hí sò hur kwínlí bérin, and hou majestikali cí unferld æ traikterd bantr, and hou æ woryurz çouted az cí past bifór aem, hiz admirégun woz kindld, and hí ofcrd tu gó hwèrevcr cí wud point æ wé. Æten Fridíma kast hur ai tórd ai ísturn sí, and cí tóld him cat hí must kut a swòa arú æ hól bredr ov æ Dragunz dominyunz, and bér glad taidiñz ov dilivorans tu æ wéstiniñ skeletunz in Dedmanzvil, and swíp alon ai óçun çór til hí kud join handz wiñ hiz feló woryurz at Riemantoun. And Dûk Çúrman sed, It is wel; æ díd iz a despuret wun, btt it gal bí dun. And hí lifted himself up tu ai okéjen, and hí tuk a hundred aouzand woryurz in hiz trén and bigan hiz márc. And hí went évur æ mounten ríjez, draiviñ æ líjunz ov Stónijon bifór him, and æ ground çuk biniaæ æ tred of hiz woryurz az if an erákwek had bin pasiñ. And Dûk Biçtpólk, æ grét Dragónian sóldoktur, met aem amaru æ Painz ov æ mounten, and aér hí woz slén. And hwen Stónijon kud nó longur stand in batl, Dûk Naithud, a fúrius and despuret woryur, in naitli ármor, kém out tu mít aem, and bár aér entrans intu æ Gétsiti. And hí fót arí batlz and woz diskumfited, and aér fel ov hiz woryurz twenti aouzand men. And hí fel bak çagrind and

And ai ígl skrímd, and Fridima tuk hur plés in æ van, and cí put on hur gárment ov red, hwait and blû, and a kroun woz upon hur hed, and æ drumz and trumpets struk up aèr viktórius ansemz bai hur said. And æ ród cí traveld woz bijemd wiæ budz and blos-tumz, and hwèrevur cí advencerd tu put æ sól ov hur fut upon æ ground, freq blúmiñ rózez spraŋ up binia it; and æ sprin flourz ov æ norðurn prériz sponténiusli burst fora óvur òl æ savanaz ov Gorjusland. And æ Kuçanz kém out tu mít hur wiæ soñz and dansez; wiæ aèr waivz and litl wunz aé krouded around hur tu kis æ frinjez ov hur stár-spañglid rób; and níaur urets nor entrítiz kud turn aem bak from folóiñ hur. And hwen æ Dra-gónianz sò æ kroun aat woz upon hur hed, aé tremblid and çruñk from hur géz; and aèr dûks and prinsez kud not faind a singl worytr aat dèr opóz æ márc ov æ viktórius ármi só loñ az cí woz at its hed. And æ vaipuri wòlz ov Ded-mansvil fel doun, and Wurstovòl and hiz woemen fled hiatur and aiaur tu sík for haidiñ plésez hwèr aé mait not mít æ glans ov hur ai.

And hwen Dûk Cúrman bigan tu nír ai óçun, and æ sound ov hiz trumpeturz róld aloñ æ Savanaz aat lé on æ kóst, Dûk Hárdihud, hú stud sentinel in aat kwortur, lost hiz fortitûd and hiz

But æ müzik and trampiñ ov æ Fridónian ármi folód him ciatur olsó; só hí set fair tu æ siti and ran for hiz laif. And Fridíma enterd æ siti and wòkt arú æ stríts, and æ men ov Cørlztoun grú jentl and kém out tu salüt hur; and hwen æ sò hur æ bikém kaptivéted wiæ hur luvlines, and tuk an óu aat æ wud wurçip æ Dragun nó mó.

And hwen æ Dragun sò aat Dák Granit had klósli çut him up on wun said, and aat Çúrman and Fridíma wer presiñ him hárd on ai vatr, and wud sún küt of hiz ónli lain ov ritrít, hí bigan tu pursív aat hiz our woz at lençí kum. And hí róld and raið in agoni, and æ purspireçun guçt out from binia hiz glosi skélz, and hí kud get nó slíp at naits, and hí had spazmz and kontorçunz aat wer dredful tu bihóld. Æten Jefur and Bóldrobin, siñ hou æ glóri ov ær aidul woz dipárted, konklüded tu lív him tu hiz fét and luk ónli tu æ séfti ov aemselvz and ær ármiz. And it woz disaided aat Bóldrobin çud gó out and giv batl tu Dák Granit, and if difited æ wud aen abandun æ pales and kapital, and mék ær _wé_ souaward arú æ mountenz. Só Bóldrobin went out tu Hacet bruk, and ær hí met hiz konkúrz, and æ mód doun hiz woryurz and ród bak and forá arú ær raþks and slöturd aem wiæ a grét slótur. And Dák Hailand woz slén, and Yelwel woz surrounded and tékn. And Bóldrobin

And hwen hí sò ai advansiñ ármi ov Dûk Granit klóziñ around him, hiz jcjment and hiz rízn riturnd, and hí rézd æ hwait banur and went out tu mít hiz advursari. And hí tuk of hiz helmet and plûmz, and méd hiz salutéçun and prizented hiz wepn tu Dûk Granit; and Dûk Granit tuk him bai ce hand, and æ hacet woz berid.

And æer stil riménd Dûk Stónijon and forti aouzand Dragónian worytrz wociñ on æ bañks ov æ Fírful river for ai apróc ov Çúrman and Fridíma. And híriñ ov æ dizastur ov Bóldrobin hí turnd himself tu flai, but Dûk Çúrman stud in hiz pañ; and hwen hí sò ær woz nó eskép, hí ol-só arú doun hiz hacet at æ fit ov æ koñktrur, and æé berid it ær. And æ sóljurz ov æ tú ármiz agen bikém bruatrz, and danst tugeatur biníæ æ kiñz nû banur, intu æ tekseur ov hwic æ nérm ov Fridíma had bin inwóvn.

And æ Dragun, hwen hí found øat Bóldrobin and Stónijon had forssékn him, bít hiz forhed and laçt himself wiñ hiz tél; and hiz atendants fled, aïñkiñ hí wud stiñ himself tu dea laik a skorpiun. And hí disapírd from hiz pales in æ nait, glaid-iñ of intu æ wudz tu haid himself, and hí riturnd tu hóld hiz kórt ær nó mó. And æ kiñ went doun tu sí hwot had bikum ov him, and hí found hiz pales emti. And lí egzamind æ dunjunz and cénz and æ instruments ov toreur hwic æ grizli

Nor woz Prins Jefur tu bí found at hiz óld-habitéçun; for on æ dé hwen Bóldrobin prisen-ted himself tu Dûk Granit, hwic woz a hóli dé, hí herd æ taidiñz az hí sat wurcipiñ in a Dragó-nian templ, and hí róz up héstili and fled. And hí went swiftli térd æ staurn sí, hópiñ tu faird sum Bulian vesel in hwic tu mék hiz eskép. But hí woz hemd in bai æ sóljurz ov æ kiñ dat wer evtri hwèr skouriñ æ kuntri. And hwen hí pur-sívd æ kés hí woz in, and had ktm tu ai end ov hiz wits, and nû not hwot ftraur tu dú, hí rézd wun last and pitius prèr tu æ fáatr ov æ Blak Dragtn húz servant hí had bin; and ai óld disívur kompaçunéted him, and cénjd him intu a wuman, and klad her wiæ fímél aparel, só dat gi mait not bí nón. CAPTUR XVI

LÍÓ æ Dragónian ármiz wer nou disban-
ded, and æ konflikt tu ðl outwurd apír-
ans klózd, yet æ dímunz stil lingurd tu
kari out aér fíndiç malevolens, and wer di-
termind not tu yıld az loŋ az aér woz a
singl instrument leſt tu dý aér bidiŋ. And
Gaifòks, æ móst krafti and dériŋ ov aem
ðl, enturd intu a Búa dat woz nír a tíatur, not
fár from æ pales, and aér hí léd hiz planz for
æ kiñz distrükçun. For hí had bròt up wiā him
from ai væur planet an aró, húz point had bin
dipt in æ wotur ov dea, and its çast woz wiñd
wiā æ feaúr ov sertenti. And hí sòt oportûniti
tu eksplód it agenst æ bodi ov æ kiñ. And hí
konsulted wiā ai væur emisariz ov Prins Jefur,
dat wer in Norland and Snóland, and aóz dat
wer in Midlland, nír tu æ royal siti. And hí
silekted for his kówurktrz Pourfulpén, and Hés-
tiros, and Çírat and Caildharold, and Sekundár-
nuld, and Múdpilz, and Láfiñfínd. And Çírat in-
vaited aem naitli tu bañkwet in a spéçts kavurn
nír æ kiñz pales, hwèr æ Dragun woz sikríted.
And aér æ konkoked helbroz and fed æ Drag-
un, and nuriçt hiz hóps dat hí mait yet hurl

Magnus Mahárba from hiz arón and get pozeçun ov æ kiñdum. And aé méd for aemselvz eksplósiv maçínz and misilz ov dea, and çárpnd aèr dagurz, and assaind tu ic aktur hiz párt in æ dráma aé wer about tu purform. For aé purpust tu distroi æ kiñ and hiz lordz and Dûk Granit òl at æ sém móment, só dat aé mait ruç intu æ pales amid æ konsfújún and konsturnéçun ov æ pipl, and fiks æ Dragun só fúrmli upon æ arón dat hí kud not bí displést.

And hwail ai enemiz ov æ kiñ wer plotiñ hiz distrükçun, wun ov æ hevnli wocurz kém tu him in a vijun ov æ nait, and pénted on hiz brén, az hí woz slípiñ, a dizmal pikeur ov blud and horurz; and hwen hí awók æ pikeur woz stil klír and distinkt. And in æ morniñ hiz frendz kém tu vizit him, and aé sò dat hiz fés woz pel, and æ form ov hiz vizej disturb'd. And hí tóld aem hiz drím, and hou hí had sín an óçun ov blud, and himself swimiñ aèrin. And æ wocur dat had pénted æ drím had hwispurd in hiz ír dat æ grét dráma woz tu klóz at ai end ov fór yírz from æ taim it bigan; and dat ai óçun ov blud woz in rikwaital ov æ roñz dñn tu æ Kuçanz; and dat for evuri drop dròn bai æ laç aær must bí antaur dròn bai æ sórd; and hwotevur woz wontiñ tu mék æ rekompens perfekt must bí kanseld bai æ blud ov a kostli sakrifiaiz. And æ kiñz advaizurz went out and konsulted tugeaur präivetli, and sòt tu understand æ drím, but aé kud faind nun dat woz ébl tu divain ai interpreté-

çun. Yet aé dímd it ae hárbinjur ov ívl; and aé plést a stron gárd around ae pales bai wé ov prikòçun, and antæur tu woc ae kiñz persun. And aé komþuted ae taim ov fór yírz from ae komensment ov ae wor, hwen ae kiñz flag woz tórn doun from Stónipail kasl, and aé found ae pírið wud end on ae fórtína ov ai Ópnril munu, hwic woz ae dé ov Gudsakrifaiz. And aé sed, Let us mék it a glad and joiful dé, and a dé for ae selebréçun ov pís and vikturi, and for ai unþurliñ ov banurz, and for óréçunz and ilúminéçunz; and peradvencur ae çadó wil pas of from ae kiñz maind. And aé krévd purmiçun ov ae kiñ tu un-furl ai óld banur from ae sumit ov Stónipail kasl en ai aniversari ov its furst dizontr. And ae kiñ woz plízd, and gév komand tu hiz woryurz, and on ae ívniñ ov Gudsakrifaiz dé ae stár-spañgld bantr wuns mór wévd óver ae rúinz ov ae kasl, and ae kanun pórd fóru aér joiful salút.

And ae sém ívniñ ae kiñ woz sitiñ in a pléhous, hwèr aé had purswéded him tu gó dat hí mait çek of ae bcrdn ov hiz kérz. And just az ae rór ov ae gunz around Stónipail kasl proklémd ae klóziñ ov ae grét dráma, Gaifòks and ai vatr dímunz hú asisted him hésted tu purform aér párts in ae konklúdiñ sín. And aé krept stelaili intu ae pléhous hwèr ae kiñ had enturd, and az hí línd forwurd tñstspektiñli tu obzerv ai aktiñ ov ae pléurz, ai aró dat woz pointed wiæ deer and wiñd wiæ ae featur ov sertenti struk him in ae bak ov hiz hed, and hí fel tu ae flór unkongus. And Gaifòks

spran up from biahind æ kin, fluriçin hiz dagur and çoutiñ in ai írz ov òl æ pípl ñat hí had slén a tairant. And hí lípt upon æ stéj, and out at æ dór, and woz gon. And æ sém our ov æ nait Pourfulpén enturd æ cémbur ov Lord Síwوردur, hú woz laiñ on a sik bed, and hí smót him and wud hav kild him, but æ silescal gárdianz arú aér çíldz óvur him and worded of æ blóz.

And æ kinz servants rimúvd him tu a pravet cémbur and léd him doun tu dai. And hiz lordz and æt luvd him, and Fridíma, stud around hiz bed, and woct him until æ morniñ. And bikòz hiz vaitaliti woz stron, æ kin liagurd in hiz daiñ, and æ bodi and spirit strugld in aér unklaspiñ. And hwen æ sunlait lukt in at æ windó, æ wíri grobiñ síst; and æ kin gév up hiz góst, and it bikém disentangld from its atacments, and flóted upwurd tu dwel wiæ ai imortalz. And Fridíma put hur lips tu æ kiñz klé, and kist hiz kóld fés, and qí sed, Alas, alas, ñat aou çudst dai for mí! For if aou hadst not pitid aís soróful caild, and tékn hur párt hwen aér woz nun els ñat kud dilivur hur, aou maitest stil hav livd, pourful and onurd amuñ æ kinz ov ai era, and mai púr ném wud hav periçt from æ memuri ov men. And qí kuvurd hur fés, and pórð fóra hur aŋgwiç in a torrent ov tírz.

And a vois ov wélin went up from æ royal siti, and it spred and inkrist in volym az it róld óvur æ land. And òl æ gé sitiz wer sudenli drépt in æ wídz ov mórnin; and æ sun

grú dárk and glúmi; and æ wordurz ov æ skai street aér kloudz ov krép óvur æ pilurz ov ai íst and west; and a pól woz spred óvur æ mounten tops and óvur æ lóli vélz, and òl æ tríz ov æ forest wer frinjd wiæ fúnírial taslz; and men spók not for horur, and evuri puls pòzd in its bítiñ, az if æ krak ov dúm had sounded from a klír skai.

And hwen æ terur had abéted, a krai ov venjans aróz on si èr, and æ Blak Dragon herd it in hiz haidiñ plés. And hí at wuns komprihen ded aat æer woz nó den só dárk, nó gulf só díp, nó mounten só hai, az tu giv him a kwaiet restiñ plés on æ planet hwèr hí had dun aís díd. Só hí put on dárknes for hiz kuvuriñ, and kém out ov hiz hól, and çríkt a waild çrík tu sumun æ dímunz aat çud akumpani him on hiz dipáeur. And hí rézd up hiz lofti form, and spred hiz pin-yunz for æ hóm ov hiz fáaur; and æ móld ov obliвиun setld on hiz wiñz az æ disapírd binicæ æ utndurkloudz aat skurted hiz dounwurd wé.

And Samuñkl sent out hñnturz tu serc for æ men aat had enturténd æ dímunz, and had bin aér instruments in æ murdur ov æ kiñ. And hwen æ had kót aem, æ hand aem up tu dai in æ sait ov æ mórniñ and angri hevnz. But æ kud not kil æ dímunz aat had instigéted aíz recez; for æ had gon out ov æ men and abandond aem tu aér fét, az sún az æ had nó furaur servis for aem tu purform.

Nou æer woz in aat kuntri a masiv and lofti kolum, on hwic it woz æ wunt ov História tu

rikord æ némz ov dipárted híroz and stétsmen, and òl æ grét and gud at wer dizerviñ ov ri membrans. It woz piramidal in form, and vast in dimençunz, and æ kloudz rested on its sumit. And astur æ multitûdz had riturnd from vûiñ æ kiñz korps, æ gaúrd around æ monyument tu witnes ai inskraibiñ ov hiz ném. And História tuk hur longest ladur, and set it up agenst æ said ov æ kolum, and æ woct hur az cí asended; and Fridíma klaimd up astur hur tu sí hwèr cí wud put æ ném ov hur févurit. And hwail cí woz pasiñ óvur æ spot hwèr æ némz wer móst aikli ritn, æ pípl gézd intentli, ekspektiñ evuri móment at cí wud stop and begin. But cí went on and on, until cí had left æ vast kroud ov stétsmen and woryurz binia hur fit. And cí past æ loñ lain ov kiñz, Kiñ Adam and Kiñ Jefur, and Kiñ Andrú, and Kiñ Adam ben Adam, hú bifrended Fridíma in hur caildhud, and Osami æ mártur, and òl æ filanaropists and márturz at had givn aér laivz tu æ welfèr ov aér rés. And hwen æ pípl sò at cí stil kept asendiñ, æ gév a loud çout, for æn undurstud at it woz a grét and nöbl kiñ at had past awé from amuñ aem. Nou aér woz ritn, fár up and distinkt from æ rest, just undur æ kloudz, a singl ném, in lárj karakturz, yet skërsli vizibl for æ distans; æ ném woz

PATER PATRIAE.

And æ woct História as cí fikst hur ai upon æ spot; and Fridíma klósli folód hur. And hwen cí had ríct æ plés, cí tuk from hur gurdl an ai-

urn stail, and plést hur hand on æ rok tu rait, just binia æ solitari ném. And hwail æ multitud wer çoutiñ, and bifór æ rok woz pírst, Fridíma spók and sed, Mai sister, dú yú rimembur æ fór milyunz ov liburéted Kuçauz? And História dropt hur aiz, and riménd for a móment in aot, aen stept upon æ nekst round, and plésiñ htr fingurz just óvur ai éngent leturz, bigan tu kárv æ rok wit a klir beld strók. And òl æ pípl wer amézd and konfounded, for it woz a fikst bilif ov òl æ men ov ai Oksident cat nó ném kud evrr bí ritn abuv cat ov æ fáaur ov hisz kuntri. But hwen História wiædrú hur hand, and aé sò æ ném ov

M A G N U S M A H Á R B A ,

and nû cat it woz ritn for òl taim, in karakterz enduriñ az ai iternal hilz, ær mains wer ilumineted, and aé sò wiæ nû aiz, and ær çoutiñ wer céijd tu túrz ov glad and wundriñ smóçun, and aé klaspt ær handz in prér, and gév aankts tu æ God ov hevn cat hí had aloud aem tu luk upon æ fés ov só nöbl a kiñ and márter, æ dilivertur and sévytr ov hisz kuntri.

And Samuëkl and òl æ pípl embámd æ bodi ov Kiñ Magnus Mahárba, and léd it in a túm; and hisz memuri aé embámd in ær afekçunz. And æ néçunz ov ai Órient mórnd and lamented him; and æ Viktórius kwín ov Bulia tuct æ hárþ ov soró; and aé kold him bai æ ném ov Mahárba æ Gud. And Kiñ Andrú æ Sekund rénd in hisz sted.
